

NEWTON GIRL

Pale, Run Down, Anaemic; Restored to Health by Vinol.

Miss Katherine Burns of Newton, Mass., says: "About six months ago I was in a run-down condition and my blood was very poor. I had taken several medicines prescribed by physicians, but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I noticed a great improvement. I have taken six bottles and I feel strong and as well as ever."—Katherine Burns.

Vinol is the greatest body builder and strength creator we know of—the curative elements of the cod's liver, aided by the blood-making, strengthening properties of tonic from contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Owl Drug Co., Oakland, Cal.

CYCLONES SWEEP NUMEROUS STATES

Fifty-one Lives Lost and Much Property Destroyed by Storms.

(Continued From Page 1.)

It is still out between Jackson and Lexington. It is not believed that any further casualties occurred.

The small towns of Camden, Timber Lake, Huron, Life and Sharon suffered property loss.

DAMAGE MANY THOUSANDS.

COLUMBUS, Ga., March 14.—A storm of cyclonic proportions struck Columbus early today, causing damage estimated at several hundred thousand dollars. Two persons were reported killed. Factories and residences were blown down and street traffic demoralized.

FATALITIES NUMEROUS.

NEW ORLEANS, March 14.—Twenty-eight persons are reported to have been killed and property valued at several hundred thousand dollars destroyed by a wind and rain storm which swept portions of Louisiana, Texas, Alabama, Mississippi and Tennessee. A deluge of rain extended over a more extensive area and practically demoralized telegraph and telephone service for several hours.

Only meager reports from the stricken district were obtainable. The property damage at Brookland, Texas, was estimated at \$100,000. All wires in the path of the storm were put out of commission.

DAMAGE IN ILLINOIS.

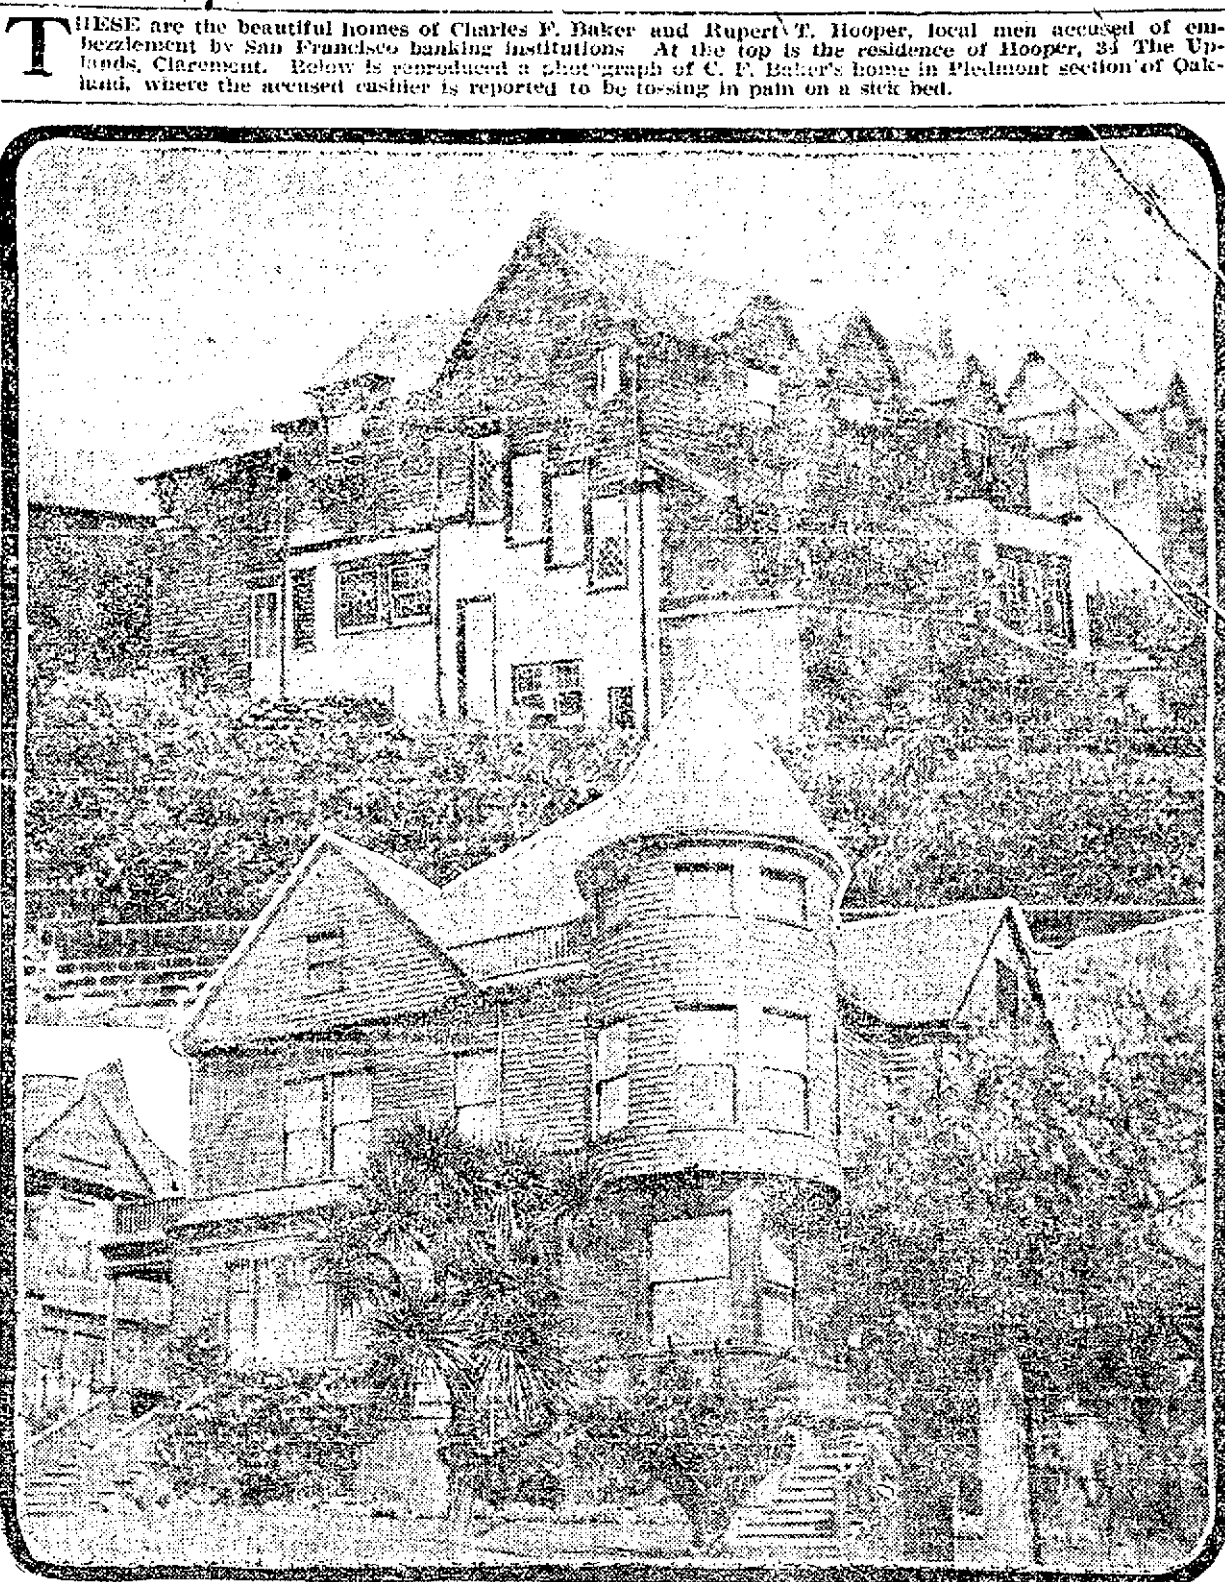

PEORIA, Ill., March 14.—A wind storm which swept over the counties of Peoria, Woodford and Tazewell at 8 o'clock last night did damage estimated at several thousand dollars. The wind at Peoria reached a velocity of fifty miles an hour. Wind-blown glass and signs in the business part of the city were broken and trees uprooted in the outlying districts. Small buildings were overturned. Both telephone and telegraph communication is practically at a standstill, few wires working out of the city.

FATALITY HURT.

MONTGOMERY CITY, Mo., March 13.—Large property damage was caused and several persons injured, two believed fatally, by a storm which swept Montgomery county late yesterday.

HOUSES WRECKED.

EAST ST. LOUIS, Ill., March 14.—Three persons were hurt and considerable property damage done by a storm which passed over Jerseyville, thirty miles northeast, last night. Several houses were wrecked.

OAKLAND MEN ACCUSED OF THEFT

(Continued From Page 1.)

him succeed, but he has chosen another course.

"We hate to see anybody lose out. Why, recently a friend of mine came into the bank to sell some stocks to

some of my clerks. He thought it was good stock and so did I, but it proved to be worthless and they lost their little savings from \$100 to \$500. The man was my friend, my employee had banked on him, feeling that they could not be far wrong. I worried

over their loss, and finally I took up all the stock and made it good. I say I don't know what we shall do about Baker, but I am sorry, dreadfully sorry."

Norris, the examiner, arrived at the bank at 10 a. m. and went into consultation with some of the officials. He refused absolutely to say anything for publication. Wellington Greag, the cashier, who, next to Crocker, is the chief director in the institution, declared that his lips had been sealed.

"The bank examiner would not let say that," he explained, "but I think that all was not right."

"No, of course not; we didn't have the remotest idea. It all came on us suddenly. I cannot tell you how much the shortage is, but I think that the \$100,000 guess is not a bad one."

McCarra, who is occupying Baker's desk, was spokesman for the officials of the bank to the extent of saying that the entire affair was regrettable, but that no formal statement could be made. He has been a trusted employee for the past nine years and has risen during that time from receiving teller to assistant cashier.

WOULD BE MILLIONAIRE.

The general consensus of opinion is that Baker sought to become a millionaire. He speculated in the Eastern stock markets and lost. He had been with the bank for fifteen years and as near as known was a good family man.

"There is no suspicion of Baker's having led a double life," declared Crocker in speaking of such a possibility.

The alleged defaulting assistant cashier, besides being a member of the board of trustees of the First Baptist church, is a leading spirit in the Christian Endeavor society, director of the Young Men's Christian Association and was a member of the executive committee of the Laymen's missionary movement. He has a wife and two children, one of the latter, Roy Baker, being a clerk in the Oakland Bank of Savings.

HOOPER ACCUSED.

In the Mercantile Trust company the officials are cut over their own trouble in the alleged defalcation of Rupert T. Hooper. John P. McKee, vice-president of the Mercantile, this morning said that Hooper was bonded for \$15,000.

"The total amount of money taken is a little less than \$14,000," he declared. "It was all invested in land schemes, and I believe that the young man had enough property to make good the shortage if we would allow him. We believed, however, that it was our duty to ask for his apprehension and to prosecute him. His case is different from Baker's in that he is a comparatively poor man and has a large family."

IN CHARGE OF BONDS.

Contrary to the stand taken at the Crocker National, where the experts have not finished their work, McKee was able to explain just in what manner the Hooper shortage was discovered and how the young clerk succeeded in stealing thousands of dollars from the institution. He had charge of the bonds and securities and ostensibly paid out checks for coupons which he did not receive. These checks were signed by the officials in the belief that the coupons had been deposited to cover them.

The checks themselves were then taken and deposited by Hooper in three separate banks, two in this city, including the Canadian Bank of Commerce, and one in Oakland where he had accounts. It was only a question of time until the auditor who every six months goes over everything in the bank to discover the alleged shortage.

Young Hooper has been in the custody of Pinkerton detectives for a week and has made a complete confession. It will be turned over to the police. It is believed, some time today. Last night Police Judge Short, from his home, signed a warrant for the clerk's arrest, the specific charge being embezzlement, and the amount mentioned in the complaint \$14,000.

Since the Pinkerton men have had charge of him Hooper has pleaded to be allowed to make restitution, but

his efforts have been futile. Hooper's investments were in California real estate, principally farm land. He has been holding property with the hope of a rise.

Hooper, who is a member of the Claremont Improvement club, has been twice married. His first wife died several years ago, leaving him five children and subsequently he married her sister.

The American Bonding company of Baltimore protects the Mercantile Trust company and stands the loss due to Hooper's shortage.

RESIGNATION ASKED.

Baker's resignation was requested, and given several days ago. That was how Baker knew that he had been found out.

Baker may be able to pay back a good deal of the money. His home is valuable, and he is supposed to have other property.

He is a brother-in-law of John G. Hoyt of the firm of Swanwick, Hoyt & Co., San Francisco bankers.

Baker has been a leader in the First Baptist church since his youth. He is 45 years old. He has been a member of the board of trustees of the church for more than ten years.

He is also a director of the Young Men's Christian Association, chairman of the finance committee and one of the organizers of that institution.

Baker began his banking career as a messenger boy in the offices of the Sather Building company of San Francisco, which later became the Crocker National bank.

BAKER SERIOUSLY ILL.

As the result of worry over his business troubles, and a severe case of erysipelas, which has left him in a weakened condition both physically and mentally, Charles W. Baker, resigned assistant cashier of the Crocker National bank of San Francisco, declared short \$100,000 in his account with the bank. He is at home under the care of nurses and a physician, and is unable to make any statement as to the trouble at the bank. His wife and daughter, as well as trained nurses, are in constant attendance.

"It is a terrible thing," said Mrs. Baker this morning, "and my husband is unable to make any statement. He cannot explain. His mental condition is such that he is unable to grasp the meaning of it all, and he will not be able to discuss it until he is better. The doctor has given strict orders that he is to see no one, and

that he is not to be allowed to worry over this matter. A little later, when he is better, and able to think over the matter, he will tell his side of it. Now all we can do is to refer to the bank for explanations."

SHOCK HAS BAD EFFECT.

"Mr. Baker was taken ill the day before he left the bank, and grew steadily worse. When the blow came he was in a serious condition anyway, and the shock had a severe effect on him."

"The doctor will let no one see him because, in the first place, his disease is contagious, and in the second place, because worry now means slower recovery. At all events, he could give no satisfactory account of the affair while as ill as he now is."

Mrs. Baker declared she knew nothing of the affair other than the accounts in the morning papers, and the details of the shortage had not been told to her.

HOME IS DESERTED.

BERKELEY, March 14.—Inquirers today at the home of Rupert T. Hooper No. 34 The Uplands, Claremont district, were met by a maid, who denied knowledge of Hooper's movements except that he had been away from his home and office for several days. The maid supposed he had been in the country on business and said that he was due home today.

Mrs. Hooper would not be seen, the maid declaring she was away from home.

The Hoopers own a beautiful on The Uplands, where they have lived for six years. The present Mrs. Hooper is a sister of Hooper's first wife, whom he married after the latter's death several years ago. He is a member of the Claremont Improvement club in the affairs of which he and Mrs. Hooper have actively participated.

FIRE PROTECTION THEME DISCUSSED

BERKELEY, March 14.—The importance of obtaining a better supply of water for firefighting purposes received special attention at last night's meeting of the board of directors of the Berkeley Chamber of Commerce. Addresses were made by F. T. Robeson and City Engineer J. J. Jessup covering various phases of the situation, with suggestions for practical improvements that would afford an early decrease of the fire hazard, and consequent lowering of insurance rates.

Chief Kenny of the Berkeley Fire Department expressed appreciation of the action recently taken by the Chamber of Commerce in recommending the purchase of an additional engine, and said that the city council promptly authorized the purchase of the needed apparatus, and he hoped to have it in use very soon.

Congressman Knowland transmitted official information covering the appropriation by the federal government for the survey of the Berkeley harbor, "with a view to the development and completion of the Berkeley inner harbor, and the thanks of the people of Berkeley were extended to Congressman Knowland and to Senator Perkins, who participated in the effort to put Berkeley in the Rivers and Harbors bill.

The greatest interest was manifested by members of the board in the proposed establishment of a government naval station on the Berkeley waterfront.

AUTOMOBILE HITS SAFETY STATION

Chauffeur Is Badly Injured by
Driving Machine Into
Concrete.

SAN FRANCISCO, March 14.—John Warrick, a chauffeur for Melville Dozier Jr., a constructing engineer of the Dozier Company, at Sacramento, was seriously and perhaps fatally injured when he drove his machine head-on into the safety station at Third and Market streets shortly after 3 o'clock this morning. Warrick was found pinned beneath the broken steering

gear and the seat. He had suffered internal injury, contusion of the brain, a broken nose, several fractured ribs and cuts about the body. He was treated at the Harbor hospital. Dozier came to this city in his machine to attend the opera and instructed Warrick to meet him after the performance. The latter was delayed and had no idea of time save that he was late and he was hurrying along to the playhouse after the theater had long been dark. When he struck the concrete platform in the middle of Market street he was rendered senseless.

Dozier, who is at the St. Francis hotel, was immediately notified and arranged to have his chauffeur transferred to private hospital.

MERCHANTS URGE PROBE ON WAGES

State's Most Prominent Enterprises Would Investigate Salaries.

SAN FRANCISCO, March 14.—A minimum wage for women workers to be fixed by the state after a thorough investigation, was endorsed yesterday at a joint conference of the California Retail Dry Goods Association, the Retail Dry Goods Association of San Francisco and the Retail Dry Goods Merchants' Association of Los Angeles.

Governor Johnson's stand on this question, which was brought out by the investigation of the Illinois White Slave Commission and the demand for a similar inquiry in California, was approved by the dry goods men, who said that the wise course was for the state to fix the wage of women after conference with representative employers and workers.

SUBSCRIBE TO RESOLUTION.

Practically all the big dry goods men in California have subscribed to the resolution, which follows:

Whereas, Governor William W. Johnson, in his reply to the Chicago Tribune published in the evening press of Wednesday, March 13, among other things says: "I favor a minimum wage for women which shall be just to the employer and which shall be a living wage for the employee. I favor action both nationally and in the various states. It was my purpose at this session of the Legislature, and it is still my purpose, to have a commission appointed which shall, after the adjournment of the Legislature, thoroughly investigate the matter and report its findings. The same necessity for immediate action in fixing a minimum wage for women does not exist in this state as in some of the eastern states, but that same necessity may soon exist, and it is my hope that then our people may be fully prepared to deal firmly, justly and adequately with the matter"; and whereas, the members of the Retail Dry Goods Association of San Francisco and the board of directors of the California Retail Dry Goods Association, in conference assembled, are in harmony with the attitude of Governor Johnson, because they believe that the wise and proper course to be pursued is for the state to fix a minimum wage fair to women workers and to employers, to be determined upon after the fullest investigation and conference with representative employers and women workers. Be it therefore

Resolved, That this joint conference endorses the proposition for a minimum wage for women workers, to be fixed by the state, and offers to co-operate to the fullest extent to bring about the necessary legislation.

TO HOLD CONFERENCE.

SACRAMENTO, March 14.—The white

slave and women wage investigating

committee will confer with Governor

Johnson to find out his wishes before

deciding whether or not to go on with

the inquiry ordered by the Senate two days

ago. This was decided on at a meeting

yesterday. Senator Behan was not

present, but when the Senate met he

presented his resignation from the committee

on the ground that it did not intend to

conduct any investigation, and he did not

care to remain on such a committee.

Senator A. B. Campbell was appointed

to the committee in place of Behan.

It is held by some senators that the

enactment of Senate bill 24, introduced

by Senator Henry H. Lyon, would obvi-

ate the necessity of the investigation

called for by both Behan and Grant.

Lyon's bill is for the appointment of

a commission to investigate wages paid

for labor and to recommend a minimum

rate of wages. This commission is to be

appointed by the governor and is an

administration measure. The commission

are to number five, one of whom is to be

commissioner of the bureau of labor

statistics. The bill carries an appropriation

of \$10,000 and it is considered by

its author that its scope can be widened

so as to take in the investigation of the

social evil, or its relation to low wages

paid women.

BODY FOUND IN RIVER
HAS BEEN IDENTIFIED

ST. LOUIS, March 14.—On their return from the inspection of the body taken Sunday from the Mississippi river near St. Genevieve, Mo., Dr. John S. Boggess and his brother-in-law, David J. Keating, said the identification of the remains as those of Mrs. Boggess who disappeared from Kansas City last fall was positive. They judged from the hair, teeth, clothing and combs. The body was taken last night by the two men to Dayton, Ohio, where it was buried today.

OAKLAND HIGH IN LIVELY RALLY

Out in Force to 'Whop It Up' for the Game Today.

Students of Oakland high school, with their friends, to the number of 1200, gathered at a grand rally last night on the municipal auditorium, to cheer the Oakland team, to arouse interest in the annual basketball game that takes place this afternoon at St. Mary's college between Oakland and Berkeley highs.

A huge bonfire lit up the lot and street car passengers on Twelfth street thought they were in the center of a Mexican revolution, when the cars they were in went over packages of torpedoes set a few feet apart for a block along the track. The students' band was out and between speeches succeeded in making itself heard above the din.

Principal C. E. Keyes spoke a few

words promising Berkeley "the hottest time it had ever had. Frank Beck, the trainer of the basketball team, was also called upon. Captain of the team, George Smith, John Mitchell, captain of the track team; Ed Barrard, formerly Oakland's yell director, and several other athletic leaders were called upon for speeches, and all proclaimed Oakland the coming victor in all events, notwithstanding even the Polytechnic's modest claims. Arthur Stewart and Ed Skinner acted as yell leaders.

CARLES POWELL IS OUT OF MAYORALTY RACE

ALAMEDA, March 13.—Charles Powell today announced that he has withdrawn from the race for mayoralty honors, and that on account of illness he will leave shortly for Los Angeles, where he will spend a few months in an endeavor to find relief from asthma. Powell stated that he is deeply grateful to his many

friends who have encouraged him in running for the office, but that he feels his health is not equal to the strenuous work incident to a successful campaign.

Powell was the first candidate to read out a petition for the office, and this was circulated before any other candidates were in the field. About a thousand names were subscribed to the document. Asked as to whether he withdrew in favor of any particular candidate, he replied: "Let the best man win." He expects to leave in a few days for the resort.

SAN FRANCISCO, March 14.—As the result of a runaway accident at Twenty-seventh avenue and Fulton street last night, Patrick D. Winter, a miner, 68 years old, living at 1323 Page street, died at his home this morning from a fractured skull. He was the father-in-law of James Mulvey, whose brother Thomas is well known by reason of his having been long secretary of the superior court. Winter was riding in a rig with a friend when the horse shied at a passing machine and broke into a run. The vehicle collided with a telegraph pole and overturned, pinning Winter underneath.

Negotiations are being made by Park Directors J. P. Edorf with the Oakland Orpheus, the best known men's choral organization in California, to give a program in Lakeside park during the spring season. It is hoped that the Orpheus will consent to render a program of song. The program to be given Sunday afternoon at 2:30 o'clock was announced today by Secretary Henry Vogt. It will comprise a number of Irish melodies in honor of St. Patrick's day. The program follows: March, "The Irish Beauties," Walmsley; or, "The Cliffs of Moyle," Bouldie; waltzes, "Paddy O'Neil," Blake; "Parade of the Tin Soldiers," Leon Jessel; selection, "The Irish Lullaby," Brown; two songs, "Ireland, I Love You," Brown; and "Where the River Shannon Flows," Russell; American sketches, "By the Swanee River," W. H. Myddleton; paraphrase, "Home, Sweet Home," Nehl; "America."

MRS. P. SNOWDEN DISFAVORS FORCE

Vice-President of English Suffrage League Addresses University Meeting.

UNIVERSITY OF CALIFORNIA, March 14.—The vice-president of the National League of Women's Suffrage Societies of Great Britain, Mrs. Snowden, wife of Philip Snowden, a London journalist and well known member of the English Parliament, in an address at the university meeting this morning, told of the fight of British women for suffrage, and said: "The overwhelming majority of British women who ardently desire to stand by their husbands in their efforts to build up the nation, do not believe in the exercise of physical violence in the propagation of their views." Dean Edward Elliott, professor of politics at Princeton University, gave an address in which he urged that members of the House of Representatives ought not to be chosen exclusively from the district which they represent, but that instead the several districts within a state should choose such citizens of the state as would prove the strongest men in representing the national spirit and handling questions from the standpoint of national welfare. President Wheeler declared the system criticised by Dean Elliott "a great weakness in our political system," and said: "It prevents our obtaining the continued service of great men peculiarly fitted for political service."

THEFT OF PRETTY HAT IS CHARGED

SAN FRANCISCO, March 14.—Miss Margaret Hall, the young woman taken into custody last night as she sat in a downtown cafe, charged with the theft of the pretty hat she wore, appeared in Police Judge Shortall's court today and refused to tell much about herself. She said her only relatives lived in Sacramento and as she was inclined to be secretive the court raised her bail from \$200 to \$1000 and she remains in custody. Miss Marie Holmes, a milliner, caught a view of Miss Hall's headgear and immediately recognized it, she claims, as having been trimmed by her for Newman & Levinson. It is claimed that the hat was stolen from that firm and the police arrested Miss Hall for the alleged theft. She claims to have purchased the hat in Chicago.

SAVES OWNER'S HOUSE.

GOSHEN, N. Y., March 14.—The continued barking of a yellow dog owned by Walter H. Snyder aroused Mr. Snyder and the members of his family at 1:25 o'clock in time to prevent their house being destroyed by fire.

The house was filled with smoke, and Mr. Snyder turned in an alarm, which called out the three fire companies, whose members worked for an hour before the fire was put out. The damage was about \$500.

RESINOL HEALS ITCHING SKINS

And Clears Unsightly Complexions.

Resinol Ointment, with Resinol Soap, stops itching instantly, quickly and easily heals the most distressing cases of eczema, rash, ringworm, tetter or other tormenting skin or scalp eruptions, and clears away pimples, blackheads, redness, roughness, and dandruff, when other treatments have proven only a waste of time and money. We do not ask you to accept our unsupported word for it. You can send today for a generous trial of Resinol Soap and Resinol Ointment, and test them to your own complete satisfaction at no cost whatever, while thousands who have been cured say, "What Resinol did for us it will do for you." Physicians have prescribed Resinol for eighteen years and even druggists in the country sell Resinol Soap (25 cts.) and Resinol Ointment (in oint jars, 50 cts. and \$1). For free samples of each, with full directions for use, write to Dept. 7-S, Resinol, Baltimore, Md.

GASOLINE EXPLOSION CAUSES \$1800 FIRE

BERKELEY, March 14.—G. F. Berlin, cleaner and dyer, suffered a loss of \$1800 when fire broke out in his plant at Alameda and Addison streets last yesterday afternoon. The explosion of gasoline, caused probably by matches in the pockets of clothes being cleaned, started the fire in the tumbler in the pressing department. The plant as a whole is valued at \$20,000, but the efficient work of the fire department kept the loss to \$600 on the building and \$1200 on the plant.

JURY REPORTS ON THE MATHIESON SHOOTING

**ALAMEDA ELKS REHEARSING PLAY**

Big Show of March 24 and 25 to Be Supreme Effort.

ALAMEDA, March 14.—The big show of the Alameda lodge of Elks, which is to be given at the new Alameda theater on the evenings of March 24 and 25, will be the supreme effort of the local theatricalians. The rehearsals have been going on regularly, the players have learned their lines, and are now engaged in polishing off the rough edges.

"Why Pettibone Left Home; or, a Mansion Turned Topsy-Turvy," is the title of the performance, a strict comedy. Incidentally the audience is promised a continual roar from the rise of the curtain until the final act.

Following is the cast of characters: Alfred Hastings, Will C. Wood; Tom McAdams, George Dolan; Pettibone, Fred Brooks; Theodora Bender, W. E. Varcoe; Josephine Bender, Al Mazzurra; Evangeline Bender, E. L. Shaw; Victor Smythe, Milton Harpersing; Rosebelle

Pettibone, Jules Didier; Emily Pettibone, Sid Clark; Christopher Dabney, Harry Shed; Judson Langhorne, Charles Moody; Phil Oltarski, Robert B. Valleau; Augustus McNath, E. D. Hollister; ballit, J. J. Sedgley.

Special new scenery has been provided by the management of the new Alameda theater, and the Elks' performance will be the first of the kind attempted in the new playhouse.

The committee in charge of the show is made up of Harry Shed, George H. lop, A. W. Morgenstern, J. J. Kelly, Harold Ward and William Varcoe. George Dolan is the coach.

HARDWARE MEN'S CONVENTION ENDS

State Dealers Against Anti-trust and "Blue Sky" Laws.

The California state hardware dealers, who brought a three-day convention in this city to a close with a banquet in the Hotel Oakland last night, have come on record as favoring an investigation that would tend to ameliorate the condition of women workers.

Several resolutions were passed which are aimed at anti-trust and "blue sky" laws, the hardware men being opposed to the hindering of industry and business by law making. The jobbers were present with the retail men yesterday afternoon.

Officers were elected as follows: President, I. G. Walker of San Francisco (re-elected); first vice-president, A. S. Conley of Berkeley; second vice-president, L. J. Klemmer of Los Angeles; secretary-treasurer, L. R. Smith of Oakland. Executive committee—J. C. Walker and George B. Allen of Los Angeles; L. J. Klemmer, A. S. Conley and E. W. Johnson of San Rafael; H. A. McCall and M. J. Brown of San Francisco; J. P. Maxwell of Oakland; John W. Baxter of Watsonville; J. C. Clark of Fresno; F. E. Goodell of Stockton; R. O. Kimbrough of Sacramento; A. Ketterstein of Santa Rosa; F. T. Dunning of Sonoma; L. B. Schmidt of Eureka; John Simpson of Tehama; C. G. Koerber of Merced; Fred Barker of Ukiah; J. D. Turner of Modesto. Honorary members of the executive committee were Mr. Smith and P. A. Rittigstein of Oakland, past presidents.

WIFE NO. 3 AGAIN SEEKS A DIVORCE

The marital troubles of Dr. Smith McMullin of Modesto, have again become a defendant in a divorce action. Dr. McMullin is a prominent physician now resident and practicing at Modesto. He married Mrs. McMullin No. 3 at the Fairmont Hotel in San Francisco on February 18, 1912. Mrs. McMullin No. 3, who before her last marriage was Mrs. Laura G. Wilson, now a resident in Berkeley, alleges in her complaint that the doctor began to treat her cruelly within a very short time, "calling her names almost immediately," and in April knocked her down on one knee. He beat her and choked her, she alleges, and he was sorry he had married her. She brought suit for divorce then, and he filed a cross-complaint. Since then, she alleges, he has been the same to her and she wishes now to secure a divorce.

His first wife was Mrs. Donnie McMullin, who is now living with her three children at Walla Walla, Wash. The second wife is Mrs. Emma Harris McMullin, who has two children. As the time arrived for the beginning of the testimony, a reconciliation was effected and the action dropped. Since then, she alleges, he has been the same to her and she wishes now to secure a divorce.

LECTURES TO BE GIVEN TONIGHT

The regular Friday night lectures given under the auspices of the Oakland Board of Education will take place as follows:

Colonel John P. Irish will speak on "Child's Idleness," at Chabot Hall. Professor C. B. Rugh of the University of California will speak on Helen Keller at the Grant school, Twenty-ninth street and Broadway. Professor P. Allen will speak on court life in Greece 3000 years ago, illustrated with lantern slides, at the Lockwood school, East Fourteenth street and Sixty-eighth avenue.

The lectures at the girls' school, Garfield and Washington schools have been canceled.

BOOSTERS' CLUB TO MAKE PROTEST

A protest against a pool of stagnant water near the Leontine school, east line, and several other matters were discussed by the Annexed District Boosters' Club, which met last night at their headquarters in Fruitvale. President Tony Mazzotta was in the chair.

An entertainment committee was named as follows: George Ingraham, chairman; Charles Calhoun, J. L. Thomas, D. L. Ohara, B. W. Hyden and D. M. Heckerly. These will co-operate with the Eagles in making a success of the "street" carnival to be given in the month of May, and also arrange for a boosters' night at the carnival.

Look to Your Plumbing. You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale at Osgood Bros' Drug Stores.

PHYSICIAN CHAMPION OF CRIPPLED SHEEP

SAN LEANDRO, March 14.—When a herd of sheep passed his office Dr. George Colman noticed that two of the animals were foot sore and were in a crippled condition, as if they had come a long distance. The crippled sheep were unable to keep up with the rest of the herd

without painful effort. Their plight aroused Doctor Colman's sympathy. The doctor asked the herder what he intended to do for the crippled sheep. The man at first refused to do anything, but changed his mind after receiving a sharp lecture from Doctor Colman, who insisted that he do it. The shepherd ultimately complied, and the crippled made the rest of the journey to Oakland in a float.

New Spring Coats, Suits and Dresses Worth Your While

A Coat, tailored Suit, a Dress, in fact, everything that one wears, must be clever to have style. At Capwell's cleverness and style are inseparable.

Newness alone is no more criterion of merit in a model than it is in a book. Our models are selected for some distinction, some individuality, some clever quality which arrests, holds and charms.

These New Coats for Instance

have points way and above the ordinary coats and the prices in most cases lower.

They are being shown for the first time and have that distinctive look that pleases the critical buyer. Materials, tailoring, linings, finish—everything of sterling quality.

They come in smart black and white checks, stripes, diagonals, navy blue mixtures and Bedford Cord in tan and Copenhagen. In the collection are stylish short jacket effects in all white, black and white checks and stripes.

Prices—\$11.50 to \$15.00

Also, included among them, in sizes for both misses and women, are the smart Golf Coats in color combinations of green with red, white with navy, also mixtures of blue and white checks.

And These Dresses of Supreme Style

The ultra fashionable Balkan Dresses of charmeuse, navy blue serge and black and white checks. Others of ratine, serge and silks, in simple or fancy trimmed models suitable for every day wear or dress occasions.

Suits, Too, in Greatest Array

Unrivalled values at moderate prices in women's and misses' Suits. The assortment is widely varied—plain and trimmed models affording a pleasing selection for all requirements. Prices begin at \$12.50 for misses and \$10.75 for women.

Prices—\$5.75 to \$17.50

Children's and Misses' Millinery

WOMEN IN THE NEWS

STUDENTS IN FIGHT IN SUFFRAGE MEETING

Ousted After Struggle by Sympathizers of "the Cause."

GLASGOW, March 14.—Students of Glasgow University, including fifty dock laborers, fought at a suffrage meeting in St. Andrew's Hall last night. The students fared badly. Many of them were beaten severely. The injured Mrs. Emmeline Pankhurst, the suffragette leader, was announced early in the day, would address the suffragettes. A large body of students from the university went to St. Andrew's Hall to break up the meeting. They got more than they bargained for. When Miss Jamie Allen was introduced, Mrs. Pankhurst, the students, who were seated at the back of the hall, started an uproar. Immediately the detachment of stewards and dock laborers swooped down upon them. A free fight followed and those who occupied chairs stood on them to watch the scrimmage. The organ started playing in order to drown the uproar, but the effort was without success. After a fierce engagement, which lasted ten minutes the stewards dragged or carried not less than fifty students into the streets. Those that were left behind, finding themselves outnumbered, did not renew the fighting, but were discreetly well behaved. Mrs. Pankhurst's speech, to a large extent, was a repetition of one made recently. A large hostile crowd gathered outside the hall and Mrs. Pankhurst was obliged to make her escape by a side exit.

WOMEN HOLD MEETINGS.

LONDON, March 14.—The militant suffragettes made no attempt to spoil the sport by interference with the Oxford-Cambridge boat races. They continue, however, to display a most persistent spirit in holding public meetings and the clash of divergent opinions threatens to become a grave public scandal. "General" Mrs. Flora Drummond addressed a meeting of 500 women in Essex Hall, London, last night, from which strangers were rigidly excluded. Referring to the arrest of Olive Hocken on a charge of attempted incendiarism, Mrs. Drummond said: "If the government thinks it is able to suppress liberty by such acts, we say, 'Sh, ye fools!'" She urged on her hearers a continuous change of tactics, adding: "We must do what we can and not get found out. The more the government tries to injure us the more they will help our cause. Everything is fair in love and war, and we are waging war." Numerous pillar postal box outrages were committed within the city, but no arrests were made.

Now Asks Divorce

SAN FRANCISCO, March 14.—Captain James Campbell Besley, romantic adventurer, soldier of fortune, polo player and companion of British aristocrats, whose engagement to Miss Elizabeth Wood, beautiful Los Angeles debutante, wealthy in her own right was broken off when her parents discovered he had a wife living in this city, petitioned the Superior Court yesterday to have declared final his wife's interlocutory decree of divorce. Besley is playing polo in Coronado, where he has been since his unmasking by Pinkerton detectives employed by E. Parn Johnson Jr., uncle-in-law of Miss Wood, and her mother, Madam Wood. "The last line in Captain Besley's petition is significant, however. It reads: 'That the court make this divorce decree final and absolute, permitting either party to remarry should they so desire.' Besley said his wife got a interlocutory decree of divorce from Judge Sewall June 26, 1903, on grounds of desertion, but that he never had any certified copies of the papers, which were destroyed in the 1906 fire. Captain Besley asked that subpoenas be issued directing Mrs. Besley and her attorneys to appear in court and testify about the interlocutory decree. At the time of the unmasking of Besley in Los Angeles, Mrs. Besley, who lives at her apartments 1221 Hyde street, this city, freely admitted that she had secured the interlocutory decree, but that she had never applied for the final because the captain had returned to her before the expiration of the year and they had become reconciled. Mrs. Besley said, although her husband had squandered all her money during their twelve years of married life and caused her much misery, she loved him and would gladly have given him his freedom if he had come to her and told her it was necessary to his happiness. If the allegations in the husband's petition may be taken for their face value, she has changed her mind about giving him his freedom. Shortly after the dramatic scene in which Besley was confronted with the evidence of his marriage by the relatives of Miss Wood, she and her mother left for New York.

Directors Chosen

SAN FRANCISCO, March 14.—At the annual meeting of the stockholders of the Women's Board of the Panama-Pacific International Exposition, held yesterday in the exposition building, the following directors were elected for the ensuing year: Mrs. Charles B. Alexander, Mrs. Frank Anderson, Dr. Marian Barlow, Mrs. T. D. Burke, Mrs. Frank L. Brown, Mrs. Marcel E. Carr, Mrs. Aylet R. Cotton, Mrs. William H. Crocker, Mrs. Edwin B. Dimond, Mrs. Joseph D. The best fried chicken you ever ate can be made with Cottolene.

Cottolene

can be heated to a much higher temperature than either butter or lard, without burning. It fries so quickly that little of the fat is absorbed, preventing the food being greasy. For this reason, Cottolene-fried food is more healthful than food fried in butter or lard.

Cottolene is more economical than lard—goes one-third farther; costs very much less than butter.

WHITE SOX HAILED AT ORPHEUM SHOW

Guests of Theater and Tribune; Oakland's Scribes Entertain Chicago's Men.

The visiting newspapermen from Chicago who are traveling with the White Sox were the guests last night of Oakland newspapermen at an informal supper at a downtown cafe. Twenty-eight scribes were in the party representing practically all the daily newspapers in San Francisco and Oakland. The guests included James Cruikshank of the Chicago Tribune, George Robbins of the Chicago News, Harold Johnson of Chicago Record-Herald, R. W. Lardner, Chicago Examiner, and William Veck, Chicago American.

After the supper the entire White Sox squad, including magnates, players, newspapermen and their wives, were entertained at the Orpheum as the joint guests of the theater management and THE

OAKLAND TRIBUNE. The lobby of the theater was trimmed with infantile white hosiery in honor of the visitors and the actors acknowledged the presence of the ball players by merry quips and jests throughout the evening. The Orpheum was crowded to the doors and the Chicago people were applauded vigorously as they took the boxes that had been reserved for their use.

MOZART'S "REQUIEM" WILL BE REPEATED

Mozart's "Requiem," which was given some time ago by the combined choirs of St. Paul's church, Oakland, and of the Church of the Advent, San Francisco, is to be repeated at St. Paul's church on Palm Sunday at the 6 o'clock service. This work is a very interesting one, peculiarly adapted to the Lenten season, and has seldom been given about the bay. The wonderful acoustics of the new St. Paul's church will add greatly to the effectiveness of the rendition. The usual sermon is to be omitted, so that the service will take little more than an hour. The full choir of the church, numbering thirty-five, will participate. Henry T. Perry is choirmaster. William McColl, organist, and the soloists are Miss Jessie Murray, Miss Frances Chamberlain and T. V. Pakewell.

ALAMEDANS OUT FOR ALLIGATOR

Three Will Hunt Big Game on Panama Canal Excursion.

ALAMEDA, March 14.—Nearly every member of the "Round Table" at the Family club is planning to wear out his old shoes pending the return of the steamer Alameda from Panama. This follows numerous and free promises made by Clarence Ward, George Uhl, John Coleman and other members of the club who are making the excursion on the Alameda to Panama. The Family boys are planning an alligator hunt and promise not to return until they have enough skins in the hold of the ship to supply all of their friends with shoes at val- ues, to say nothing of trunks made from the native skins.

UNITARIAN SOCIAL CLUB TO SHINE

Sketches Will Be Presented at Entertainment and Dance March 18.

The Unitarian Social club of the First Unitarian church of Oakland is arranging a vaudeville entertainment and dance to be given on Tuesday evening, March 18, in Wendt hall, Fourteenth and Castro streets. The feature of the evening will be an elaborate revival of "The Hostage," a one-act military play by Thomas Nelson Page. The action of the piece goes back

Your Child's Health Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin or grow too fast, thus overtaxing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life. Such children need Jayne's Tonic Vermifuge, which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles, enabling the rich blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed. For more than eighty years millions of children have been restored to health through the use of this tonic. Write upon Jayne's, accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

to the civil war days and it is full of thrilling situations and charming stage pictures. Another pleasing feature will be a musical sketch entitled "On a Summer Day," presented by J. Ivah Murphy and Roland R. Springer. Jack Cass will entertain with songs and stories, introducing his own song, "My Love in Dear Old Kentucky." Howard Renwick, assisted by Miss Margaret McFadden, will present a romantic sketch, "Sweethearts," and Archie Thomas will be heard in classic and popular selections.

The evening will be completed with dancing and the friends of the club are looking forward to the event with great pleasure. Howard Renwick is directing the dramatic work and the dance and business management is being handled by A. Boyer and Fred Hocking, assisted by members of the club. The patronesses will include Mrs. Hattie E. Murphy, Mrs. E. F. Messer, Mrs. H. Morehouse, Mrs. H. Olsen, Miss Van Harlingen and other ladies of the church.

PROSPERITY IN PLUMAS COUNTY

Transportation to Aid Development of Productive Section.

SACRAMENTO, March 14.—With vast mineral riches hidden in its hills and acres upon acres of fertile land awaiting cultivation, Plumas county, situated in the northeastern part of California, may well look forward to great prosperity in the near future, says Secretary of State Frank C. Jordan in an article on the county he has prepared for the state blue book. Until within a very few years this county's progress has been retarded through lack of adequate transportation facilities. Now that this problem has been solved, not only by the Boca & Loyola, the Nevada, California and Oregon and the Quincy Western railroads, but by the Western Pacific transcontinental road as well, the county, from all indications, should go ahead by leaps and bounds. With a land area of 1,660,160 acres, the county has 134,259 acres in farms. The value of all farm property was

\$3,362,955, an increase in ten years of \$1,123,079, or 50.1 per cent. "Plumas county," says Secretary Jordan, "is another of those great spots of California that has the setting for almost every known industry. It is now in development rich in possibilities and one day undoubtedly will be the center of great activities. Its ultimate prosperity should know no limit."

HUMOR ITCHED AND BURNED

Sores More of a Rash. Soon Formed a Crust. Children Cross and Fretful. Cuticura Soap and Cuticura Ointment Cured Them All.

Raymond, Mont.—"All my babies had humors or sores on the head, sometimes forming a scale. The sores were in the beginning more of a rash, but soon formed a crust, worse on some of them than on others. It itched and burned, for the children were cross and fretful, sometimes making it worse and kind of inflamed. Some of the children did not have much hair when the sores appeared, but those that did lost it all. "I used ——— and ——— but they seemed to make the sores worse. I washed their heads with warm water with a soft cloth, using Cuticura Soap. After drying I rubbed their heads all over as gently as possible with Cuticura Ointment, washing their heads only once a day, but using the Ointment two or three times a day. It never took longer than two weeks for the worst case, but generally only a week for the Cuticura Soap and Ointment to cure them." (Signed) Mrs. Helen Huffman, June 11, 1907. Although the Cuticura Soap and Ointment are more successful in the treatment of infections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. Liberal sample of each mailed free with 75c Skin Book. Address: Post-card "Cuticura, Dept. T, Boston." Beware of who shave and shampoo with Cuticura. Men who had it best for skin and scalp.

Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed, nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Reall's "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Reall's "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your money request will get your money back if you want it. Two sizes, 50c and \$1.00.

Runaway Boy Caught.

ALAMEDA, March 14.—Robert Rettberg, a 14-year-old runaway boy, was taken in charge by the police this morning. Unless his family desire to take charge of him the boy will probably be sent to the Detention home.

The lad ran away from the McKinley home at 333 Nineteenth street, San Francisco. He formerly lived in this city and spent the night in a barn at 1622 Broadway. This morning he applied at the house for breakfast. The family in the house knew the boy's family and informed the police.

It is considered likely that the commission will open the bids and delay awarding the contract until the commission as an official body has inspected and perhaps tried out several of the cars considered the best value for the purpose. It has been suggested that the selected cars be ranged together on the city hall lot and demonstrated for the commission at a daylight demonstration to be held probably Saturday, or the first of the week.

SENATOR TYRRELL QUILTS COMMITTEE ON FINANCE

Drastic Water Bills, Affecting Alameda County, Are Introduced

(Special correspondence of THE TRIBUNE.)

SACRAMENTO, March 14.—Considerable surprise was occasioned in the senate chamber yesterday when President Wallace read a telegram from Senator Edward J. Tyrrell of Oakland, resigning as a member of the finance committee of the senate and asking that Senator A. H. Breed, also of Oakland, be named to fill the vacancy. President Wallace announced the appointment of Senator Breed to the place from the chair.

Senator Tyrrell has been unable to attend the session thus far since last Monday. He has been confined to his home with a severe eye affliction, but has expected to come to the capital every day. No explanation was given for his resignation from the finance committee, which is one of the most important of the legislature.

It is believed, however, that the action was brought about by the election to the chairmanship of the Alameda county legislative delegation, which, together with his duties as chairman of the senate committee on banking, will occupy practically all of his time.

More rigid restrictions that will apply directly to existing conditions in Alameda county and in all incorporated municipalities, were put into two bills affecting water companies introduced by Assemblyman Frank M. Smith of Oakland when they were taken up for consideration before the committee on municipal corporations.

The amendments made to the measures take away competitive features by providing that cities to which there is both municipal and private water plants, the measure does not apply. This is intended to protect municipally owned water systems and to make the protection legitimate by eliminating all possibility of discrimination on the part of the private corporation.

Assembly bill No. 56, by Smith, provides for the installation of fire hydrants by water companies within 30 days after receiving written notice of the passage of an ordinance by the legislative body of a municipality under the law.

LITIGATION OVER HYDRANTS.

Litigation has arisen throughout the state on the jurisdiction of municipalities as regards the compelling of the installation of fire hydrants in newly settled sections of cities, the water companies ruling the plea that the particular section or

district affected was not sufficiently populated to justify the expenditure on the part of the water company, whereas, in practically every instance franchisees granted provide for the installation of fire hydrants throughout a city.

Assemblyman Smith's measure is designed to settle permanently the question of jurisdiction.

Assembly bill No. 63, by Smith, provides for the furnishing of water for family use. This measure was likewise amended to exclude all municipalities in which there are both municipally owned and private water systems.

The bill states that all corporations formed to supply water to cities or towns must furnish pure water for family use, so long as the supply permits, at reasonable rates and without distinction as to persons. It further recites that they must furnish water to the extent of their means, in cases of fire or other great necessity, free of charge.

REAL PURPOSE OF BILL.

The real purpose of the bill, however, is to force private water companies to make the service connection between their mains in the street and within the curb line of the property of the prospective consumer at the cost to the company. At the present time consumers must pay for the installation of a service connection from the point where the main is tapped.

Assemblymen Ferguson and Morgenstern appeared before the committee on federal relations yesterday on two amendments to a concurrent resolution, memorializing congress to pass a measure providing for the pensioning of postoffice employees by a graded system. Morgenstern introduced a resolution affecting the pensioning of postoffice employees, while Ferguson's resolution called for action favorably on a United States senate bill.

Both measures will be incorporated in one resolution and will undoubtedly be on the floor with the committee's approval.

HEARING ON TIDE LANDS.

Assemblyman J. M. Inman, chairman of the assembly committee on commerce and navigation, has set a public hearing for next Tuesday afternoon, at 4:30, on the Alameda, Berkeley, Emeryville and other tideland bills now before the committee.

Advice to this effect was sent out by Assemblymen Gelder and Morgenstern to their constituents last night and it is expected that delegates will appear before the committee to make a definite proposal as to just what Alameda and Berkeley and the other localities seeking local control will do toward improving the tideland.

The committee probably will exact that the various localities within to expend certain sums within specified times on improvements before giving the measures a favorable report.

SEEK DIRECT VOTE.

That there is sentiment in California for the election of the President and Vice-President of the United States by direct vote of the people was shown yesterday when the assembly committee on federal relations passed favorably on Assemblyman Gelder's assembly joint resolution No. 1, memorializing Congress to call a convention for the purpose of proposing an amendment to the constitution of the United States to provide for the direct election of the President.

Delegations are expected from among the school teachers of Alameda county at the capital next Tuesday, when Assemblyman Smith's teachers' pension bill will come up for public hearing before the assembly committee on education. This bill is a companion measure to the one introduced by Senator Tyrrell in the senate.

The bill calls for graduated pensions for all superannuated pedagogues.

One of the measures upon which there has been a strong fight waged to date, is assembly bill 181, introduced by Assemblyman Morgenstern of Alameda. The purpose of this measure is to hit gambling establishments operated in open defiance of law. The Morgenstern bill provides the machinery by which operators of gambling establishments may be forced by law to return the money "blacked" from a victim to the wife, mother, children or other dependent, upon being found guilty of having allowed the person affected to gamble.

Later last night the assembly committee on public morals, after wrestling with the red light injunction and abatement bill for several hours, took up the Morgenstern measure. It was finally sent to the floor of the house with a "do pass" recommendation.

The property owner, who allows his property to be used for the purpose of harboring a gambling den, can also be held as a co-defendant and made liable for a part of the losses sustained by victims as well as facing other penalties already provided for in the law.

BILL FOR HEALTH BOARD.

Assemblyman Gelder of Berkeley was the first legislator from Alameda county to ask for the privilege of introducing a bill at this session of the legislature, which, under the provisions of the proposed idea, calls for a three-fourths vote of the house in which it is offered, when he presented a measure designed to reorganize the state board of health. The bill would provide for the appointment of seven members of the board by the governor, for terms of four years, as at present, but the manner in which the board would be constituted would be changed greatly.

In order to accomplish this he would have the board constituted as follows: One member shall be a duly licensed physician, practicing the system of medicine known as the eclectic; one member shall be a duly licensed physician practicing homeopathy; one member shall be a duly licensed osteopath; one member shall be a duly licensed chiropractor; and one member shall be a citizen of the state of California in no wise versed in medicine.

Senator A. H. Breed of Oakland was a guest yesterday noon at a dinner given by Governor Johnson at the Governor's mansion in honor of George W. Perkins, Progressive party leader and noted financier. Perkins came to the capital to visit Governor Johnson prior to leaving for the East. He has been spending the winter in Pasadena.

WANT REST DAY LAW.

That labor organizations of Alameda county are in favor of the passage of a Sunday rest law was indicated at the capital yesterday when George K. Smith of Oakland, president of Barbers' Union No. 184, interviewed members of the county legislative delegation on their stand on the Kehoe weekly rest day act, behind which the labor unions have marshaled.

A New Departure in Millinery Merchandising

Ready Saturday, March 15th

A Basement Department for Home Milliners

In planning this splendid store we have aimed to be able to cater to every demand in Millinery whether it be for an inexpensive flower or an exclusive imported pattern hat. We now present another floor consisting of a spacious well lighted and ventilated basement where the wants of every home milliner can be handled advantageously.

The stock arrangement and display is patterned after that of wholesale houses, assisting materially in easy selections.

Needless to say, the Gerwin reputation for QUALITY, STYLE, SERVICE, PRICE and GRACIOUS TREATMENT applies to this department as well as every other in the store.

To make the inauguration of the BASEMENT DEPARTMENT A NOTABLE SUCCESS we have planned

HYNES PUTS AUTO EXPERTS IN SHADE

The Knowledge Gained in and Under Machines Serves in Good Stead.

The knowledge that District Attorney W. H. L. Hynes has gained as the result of his having perspired over and under recalcitrant automobiles stood him in good hand yesterday in Judge Quinn's court where his assistant Walter L. Burpee is appearing for the Union Machine Company, plaintiff, in a case against D. Miller. Lin Church, attorney for the defendant, was forced to admit that Hynes was the real expert while he and the court and most of the witnesses were amateurs.

An engine that was transferred to an auto wagon was the cause of the contention. It was testified to by Miller that the engine work was not properly done. It was necessary, he said, to get a team of horses to pull it from a lot while the plaintiff had witnesses to prove that the engine spun the wheels around and that Miller who was not a mechanic, was responsible for the engine's inactivities.

MACHINIST ON STAND.
Attorney Church put on the witness stand a machinist named Jones who is employed by Miller. The first part of the examination commenced with the muffler which is the last part of the engine but Hynes proceeded rapidly until he arrived at the carburetor. He questioned the witness on the principle of the muffler and by the time he had finished naming and questioning the witness on a dozen different varieties of carburetors even the witness realized that his knowledge was comparatively little.

Different parts of the auto in the case were submitted as evidence in Judge Quinn's court. Brakes, mufflers, hoses and the carburetors formed a part of the exhibit and at the close of the case those in the court room had heard a thorough lecture and treatise on the horseless carriage. The case was taken under advisement.

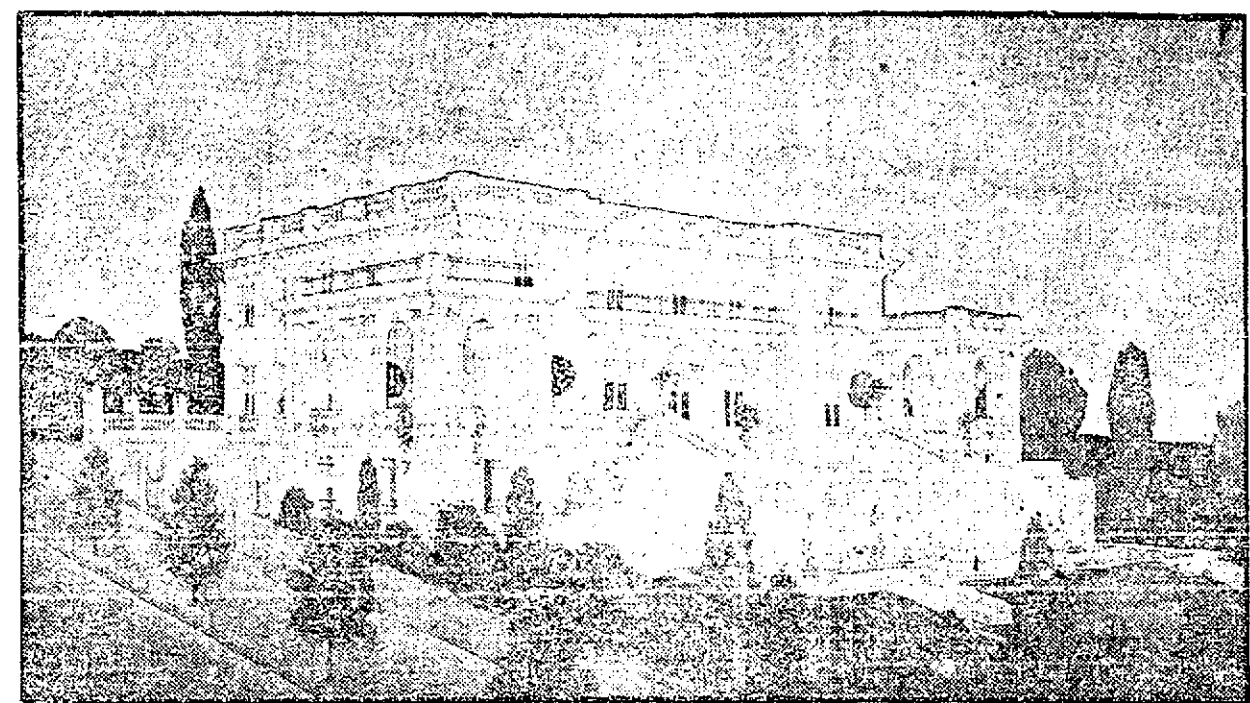

SENATORS TO DROP OFFICIAL MASSEUR

Lawmakers Plan to Cut Sum of \$46,190 From Payroll.

WASHINGTON, March 14.—One mournful expert masseur and two equally mournful assistants who, ever since the senate office building's luxurious baths were opened, have smoothed back the wrinkles from the brows of worried and care-ridden senators have been told that they are to be dropped from the payroll of the senate. Under the Democratic control of the upper branch the reform is to be instituted at once, for Senator Overman of North Carolina has issued the decree. A single attendant unskilled in the art of massage will rule over the establishment.

The Democratic committee has so revised the senate payroll that 60 positions are to be dropped at a saving of \$46,190 in the annual senate expenditures. In the division of patronage, each Democratic senator will have the distribution of positions paying \$3500 annually. The Democrats have decided to retain the so-called "efficiency roll" of the senate, numbering about 20 employees, and the "old soldiers roll" on which there are more than 30 employees.

CONTRACT LET FOR \$100,000 ADAMS HOME VILLA IS TO BE IN FRENCH COLONIAL STYLE

Perspective of \$100,000 French Colonial villa to be erected by Edson Adams in Crocker tract, Piedmont, for which contract has been let.

Dwelling Will Be One of Group of Fifteen Architectural Monuments in Crocker Tract

Contract was let this week by Edson Adams for his magnificent villa in the Crocker Tract, Piedmont, designed by Charles Peter Weeks. The cost of this mansion, in French colonial style, will represent an investment of well over \$100,000, making it one of the finest private residences in Alameda county.

This residence will be one of a group of some fifteen private houses all within a radius of a few blocks that are rapidly making this part of Piedmont one of the show places of the West. These include residences of W. E. Creed, Louis Tins, Mrs. Delia Moffitt, James K. Moffitt, Wallace Alexander, Mrs. Alexander, Henry Nichols, Arthur Breed, W. H. Barbour, Walter Starr, Samuel Taylor and A. A. Moore Jr.

The Adams house will front on Sea View avenue, being placed close to the line of the street. The site slopes strongly to the west and is long in proportion to its width. The house will, therefore, look down over a sloping garden about 300 feet in length, beyond which will be the houses and lawns of the lower Piedmont slopes, and beyond the city of Oakland and the bay.

The basement of the house will be of reinforced concrete. Metal entrance gates, doors, balconies and marquis will add charm to the stately design of the French Colonial type.

The entrance is on the east at the first floor level. From the floor level terraces and monumental stairways lead down to the garden below. The garden will be simple and formal. A lovely stretch of lawn flanked by paths, flowering shrubs and trees, sloping toward the panorama of the city and bay, will terminate in a pool surrounded by a terrace wall and trimmed with trees. Through the trees informal paths will lead to the flower garden, tennis court and summer house. The entrance is effected through

metal and glass doors, a marble vestibule with a vaulted ceiling, into the entrance hall, which, together with the stair hall and central hall, is to be paneled and colored ivory white. The stair hall and newel is to be of metal.

The central hall connects the dining room and the library and between these and opening into the central hall in three large arches is the living room. Opposite the hall arches are arches leading out onto the terrace. The living room connects directly, too, with the dining room and library. The living room will be colonial design and the color scheme will be ivory white, touched with gold, with cloth panels of ivory and gold, and muller hangings.

The dining room walls and ceiling will be of oak. It also opens onto the terrace and the loggia which blankets the terrace.

The library will be of mahogany with heavy beamed ceiling in the French fashion. It corresponds in position to the living room and gives onto the terrace and corresponding loggia.

TEACH PRACTICAL AFFAIRS, IS ADVICE

STANFORD UNIVERSITY, Cal., March 14.—The professors of economics in American universities are too scientific and have too little regard for the human will," declared Professor M. L. Lakin of the Stanford economics department in an address here.

"The aim of economics," he continued, "should be toward the teaching of practical affairs and not the theories of nineteenth century theorists. One difficulty in most institutions is that the teachers are incapable. Poor may be responsible for the dear of capable instructors."

'HOOSIER' TOUR WILL BE UNIQUE

Haynes Car President States Plan for Coast Run Is Complete.

(By EDMUND CRINXON.)

Brimful of enthusiasm over the coming coast tour of the "Hoosier" automobile manufacturers, Charles B. Warren, general manager of the Haynes Automobile Company of Kokomo, Ind., and president of the Indiana Automobile Manufacturers' Association, arrived in San Francisco yesterday for a conference with President W. B. Cochran of the Haynes Auto Sales Company.

In addition to a lot of interesting information regarding the Haynes factory and its new models, Warren brings with him a fund of news concerning the coming transcontinental tour of the association of which he is the president. The tour, which is to start from Indianapolis on either the first or the fourth of next July, is of peculiar interest to California especially and the Pacific coast in general. But this State will share enthusiastically from the publicity which is bound to follow in the wake of the tour.

"No hidden tour either before, during or after it was pulled off has attracted as much genuine interest as this tour of the Hoosier State motor car manufacturers," says Warren. "Ever since its inception the Indiana Automobile Manufacturers' Association has been flooded with inquiries from all parts of the country. Every city and town and hamlet that has any reason at all to believe that the road of the tourists next July may pass through or near these respective localities have pleaded with much eloquence and bales of literature for recognition."

"The situation, while unique, is perfectly natural. The most extensive and original plans have been thought out and arranged for by the association in connection with the tour. Perhaps the most interesting feature of the long journey will be the fact that it will be accompanied by a moving picture outfit and equipped with wireless apparatus. In contrast to this is the disappointing feature, which is the fact that women will be entirely excluded from the tour. In other words, it is distinctly a 'statesman's affair'."

"The journey from Indianapolis to San Francisco will cover a period of approximately 20 days, of which time only eight nights will be spent at night. The balance of the journey being devoted to camping out. The commissary department will be under the management of government cooks, who will be granted a furlough for the period of the tour. In every respect as far as the state is concerned, the tour will be army equipped."

Representatives of the telegraph companies will accompany the tour, whose business it will be to establish communication with the world where the motorists are camping out in uninhabited regions. A complete electric lighting system for the camp at night will also be a feature. The wireless outfits will be under the management of the most capable wireless experts that can be obtained. The government will play a most conspicuous part in the tour from its beginning to its end. Government observers, the exact number of which has not as yet been decided upon, will keep close check upon the performances of the various cars en route. There will be fully 30 different makes of cars represented, among them being at least two Haynes cars. Up to the present time the list of entrants is not complete and will not be so until the latter part of May.

"On reaching the Pacific coast the real climax of the tour will take place. It will present itself in various phases, both along social and business lines. In the social sphere there will be a round of receptions by the leading commercial bodies of the various Pacific slope points. In the business line the tour will probably be a big automobile show, where the chief attraction will undoubtedly be the cars which participated in the long journey, which will culminate in auctioning off of these cars."

HAMLIN QUITS RACING.

Ralph Hamlin, winner of the Los Angeles-Phoenix desert race last fall, has quit the racing game. The professional driver of the Los Angeles-Phoenix race, who was called on Hamlin recently and asked him to enter with his car that won the desert race, said when I won the Phoenix race that it would be my farewell appearance, and it was," replied Hamlin. "I would have quit long ago but I drove a Franklin in the first Phoenix race without having gone over the course and I said I would stick to the course until I won it. I came in second race until I won it. I came in second in 1911 and in 1912 with the car I

WOMAN PROSECUTOR TO ADVISE FAIR SEX

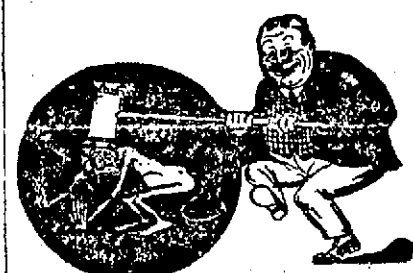

LOS ANGELES, March 14.—A branch of the city prosecutor's office wherein women may receive legal advice from members of their own sex was established today. The new department, it is said, became necessary because of the reluctance of women to interview men regarding their grievances. It is in charge of Miss Margaret Gardner, who recently was appointed deputy city prosecutor.

MAY OPEN WITH OPERA WRITTEN BY CALIFORNIAN

SAN FRANCISCO, March 14.—Plans are under way to open the new municipal opera house with an opera in English by Joseph P. Redding and Henry H. Hild, with the plot and scenes laid in San Francisco. Both Redding and Hild said yesterday that the project still was in embryonic form, but admitted that they were at work on the opera.

Blood Bath Knocks Rheumatism

Remarkable Effects of a Remedy That Actually Irrigates the Entire Blood Supply.

It sounds queer to take a blood bath but that is precisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the integument directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every enervated becomes in effect a filter in straining the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every impurity, every pain-inflicting atom of poison; it dissolves by irrigation all accumulations in the joints, dissolves acid accumulations, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be effect a filter in straining the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every impurity, every pain-inflicting atom of poison; it dissolves by irrigation all accumulations in the joints, dissolves acid accumulations, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

The great Swift Laboratory has spent millions of dollars in perfecting, producing and placing in the hands of the public this wonderful remedy. So give your blood a good bath with S. S. S. for it knocks the worst forms of rheumatism every time.

You can get it as any drug store at \$1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood specific ever discovered. If you need a peculiar name and you desire expert advice, write to a Swift Scientific Co., 121 Swift Bldg., Atlanta, Ga.

LANE IS GIVEN INDIAN TITLE

Blackfeet Tribe Bestow on Him the Name of Famed Warrior.

WASHINGTON, March 14.—Franklin K. Lane, Secretary of the Interior, has been made an Indian chief. He had been bestowed upon him yesterday the title of "Lone Chief" by a delegation of Blackfeet Indians from Montana, who called to present him with a pipe of peace and a bookskin tobacco bag.

After the pipe had been handed to him by Chief Urly Bear, a tall mountain chief stepped forth and said: "Hereafter we will call you Lone Chief. That was the name of our most famous chief. You will be Lone Chief to us now."

Then turning to Acting Commissioner of Indian Affairs Abbott, he said: "And you, too, must have an Indian name; you are short of stature, so we will call you Little Chief."

"I take your pipe," said the Secretary, "as a pledge between us. I know what it means. It is a promise on your part that you will bear faith with me, and when I shake your hand and take your pipe, it means that I bear good faith and good will toward you. I have spoken to the Great Father in the White House about it. You have a good friend in him, one who always will keep an word, speak for him and promise that we always will try to do justice to you."

To the Secretary's little daughter, Miss Nancy Lane, Chief Little Dog, of the Blackfeet, presented a pair of beaded moccasins.

HEART TROUBLE--NO! IT'S GAS AROUND YOUR HEART

Of course, the palpitation, shortness of breath, anxiety and nervousness at night, scares you, but there is really no occasion for alarm if you will only take Basalman's Gas Tablets and cure that gas pressure.

A permanent cure of gas can only be accomplished by treating your stomach with Basalman's Gas Tablets. When we mean taking Basalman's Gas Tablets for a definite length of time.

Ordinary dyspepsia remedies are only good for relief during an attack, but relief is no cure! Basalman's Gas Tablets, however, cure gas around the heart for good. And your supposed heart trouble will soon disappear.

Go to your druggist right now, ask for a box of Basalman's Gas Tablets in the yellow package, or, if you like, send for a free sample package to J. Basalman Co., 225 Sutter St., San Francisco.

Make Pots and Pans Spick and Span with GOLD DUST

Pots and pans collect more dirt and grease than any other cooking utensil. The one best way of cleaning them is to use Gold Dust. Gold Dust not only takes off the outer dirt coating, but digs deep after germs and hidden particles, and makes them as spotlessly clean and sanitary as when new.

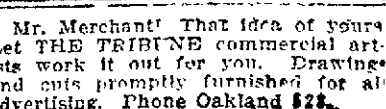

If you want your pots and pans so bright you can see your face in them—your pots and kettles spotless and germ-proof, use Gold Dust in cleaning. It will do the work, too, in half the time of the ordinary cleanser—and save most of your labor. Gold Dust does the bulk of the work alone—you merely assist it.

You simply cannot keep house properly without Gold Dust.

Made by THE N. K. FAIRBANK COMPANY, Chicago

"Let the GOLD DUST TWINS do your work"

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, oilcloth, silverware and tinware, polishing brassware, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

BEFORE THE LEGISLATURE

BEFORE the Legislature are bills for laws to decide what the people may drink and not drink, eat and not eat, whom they shall marry and not marry, who may work and not work and how much and at what age, and to regulate by law everything heretofore left to individual preference and initiative. So Liberty goes on enlightening the world!

The Noblest Roman of Them All.

One member of Taft's cabinet, at least, returns to his home with the gratitude and affection of the American people. What he has done for American agriculture is of innumerable value. It has enriched the farmer and ennobled his profession and added immeasurably to the wealth of the nation. Every State in the Union is richer and more prosperous by reason of his work.

We allude to the Hon. James Wilson of Iowa, for sixteen years Secretary of Agriculture. Take it all in all, he has been the most valuable minister this government has ever had. He outranks all other cabinet officers in length of service, and in point of practical usefulness he easily leads all the rest. He is the Cincinnatus of America—the farmer statesman of his country, and the Patron of Husbandry sans peur et sans reproche.

His townsmen of Ames, Iowa, will welcome him home with a greeting in which there will be no alloy of envy, hatred or political prejudice. The evening of his life—he is past four score now—will be passed among friends and neighbors, who love him for his gentle, kindly heart, for his sterling worth and for the fame he has brought to the Hawkeye State, and who will forever hold in affectionate remembrance Tama Jim. All his life rural pursuits have claimed his keenest interest, and he has elevated the tillage of the soil to the dignity of a learned profession and invested it with an importance his countrymen never realized before.

When the Great Reaper garners him in the harvest of years, no riper or fuller grain will be found in the shock than Tama Jim.

The White House has gone dry. There will be no wine at official dinners. President Hayes did the same. The diplomatic dinner during his administration was held on the water-wagon. Senator Everts, chairman of the foreign affairs committee, attended one of these diplomatic feasts and when asked how it went off, said: "Fine; water flowed like champagne."

Austria's Balkan Policy.

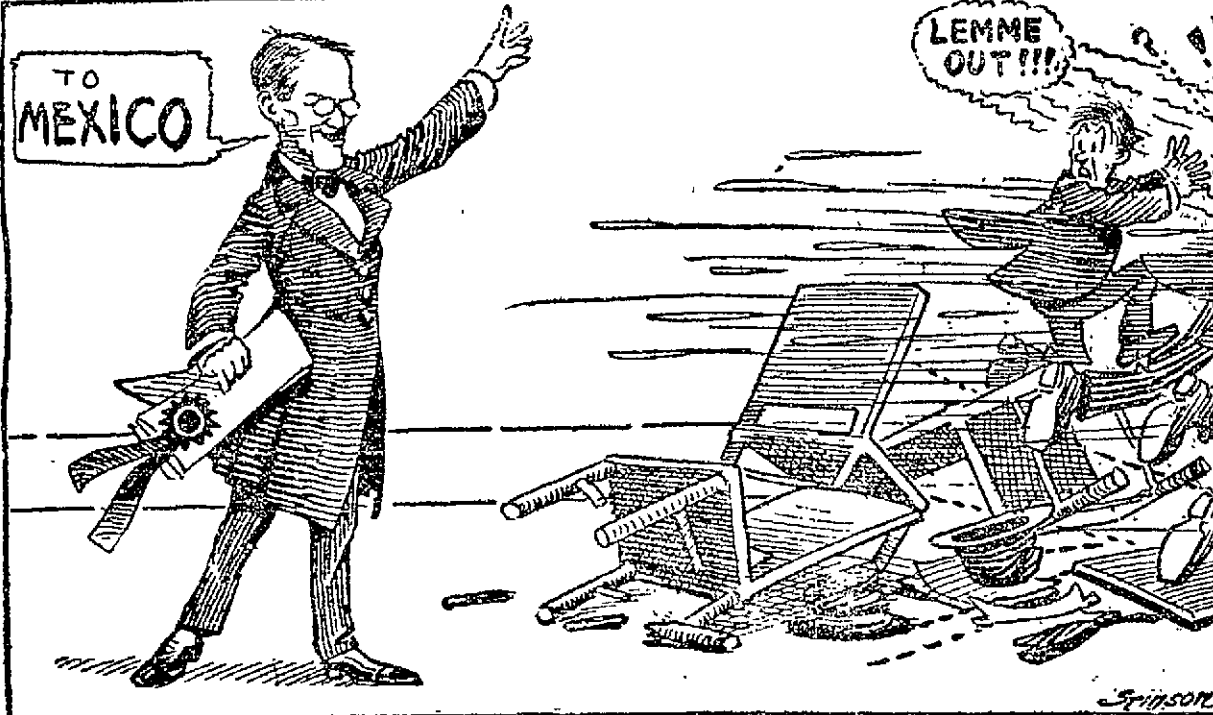

Austria is again bullying Serbia. The house of Hapsburg resents the rise of the Balkan states because the extension of the territory and power of Serbia and Bulgaria shuts off Austria's approach to the Aegean and Black Seas. Austria has forbidden Serbia to acquire a port on the Adriatic Sea, and now demands that she lend no aid to the Montenegrins in the siege of Scutari. Austria does not want Montenegro to extend her territory southward, and hence is trying to browbeat Serbia into refusing to assist her ally. The Greek conquest of Macedonia and the littoral of the Gulf of Salonika has destroyed Austria's hope of gaining an outlet on the Aegean Sea. Her ultimate design is to absorb Montenegro and the new state of Albania, which is to be created, and thus control the eastern shore of the Adriatic to the Greek frontier. It is Austria's aim to make a great Slav state of the eastern provinces of the empire and make her Slav dominions offset the power of the Magyars in Hungary. That was her aim in annexing Bosnia and Herzegovina. She hoped to absorb Serbia and isolate Bulgaria, but the Balkan war has changed the political complexion in the Balkan peninsula, and her purpose now is to extend her dominion down the eastern shore of the Adriatic and bottle up Serbia.

Progress in Wireless Transmission.

Wireless message transmission between points 7000 miles apart is an achievement greater than anything accomplished by wire telegraph over long distances without resorting to relaying. The wireless station at Cairo, Egypt, reports in a letter received by the commandant of the Key West Naval Station that Key West messages have been repeatedly picked up and copied by the Lloyd's wireless operators located there. If the attainment of such results could be relied upon at any time, day or night, there would be apparently little use for telegraph land lines or submarine cables other than the transmission of messages which must be safeguarded against interception and whose absolute privacy between sender and receiver can be guaranteed. The inability of the wireless operator to guarantee protection to the privacy of a message in transmission or give assurance that it will be promptly received by the person for whom it is intended without the exposure of its contents to third parties, constitutes one of the weak features in wireless telegraphy. Another is that there exist apparently insurmountable natural obstacles to its dependability. For example: Difficulties exist during the day time to clear and uninterrupted transmission by wireless which do not present themselves during the night season, and the detectable range of the Hertzian message waves through the earth's atmosphere is contracted or extended by uncontrollable atmospheric changes and conditions.

The improvement of wireless telegraphy is, however, making rapid progress. Its progress as a commercial utility and agent is, indeed, more rapid than that made by wire telegraphy in the earlier stages of its development. And although it is only a few years since wireless telegraphy was established on a practical commercial basis, it has become the most valuable medium of communication to those who go down to the sea in ships available to them, and it has practically become an indispensable agent on every vessel afloat, whether engaged in commerce, war, pleasure or any other purpose. But these extraordinary long-distance transmission wireless records are, at present at least, mere freaks of atmospheric conditions which human ingenuity may never be able to harness or overcome.

COLONEL SPEAKS TO PROGRESSIVES

Addresses First Annual Pennsylvania Conference of Party.

PHILADELPHIA, March 14.—Charles E. Smith, president of the Pennsylvania Progressive party, today addressed an audience of about 1000 delegates at the first annual conference of the party here.

conference of the State of Pennsylvania. Members of the electoral college of this state, who voted for Roosevelt for President and the leaders of the Washington party who conducted the campaign for him are the leaders in the conference, which has one aim—the perpetuation of the party.
Colonel Roosevelt, Dean Draper W. Lewis, of the University of Pennsylvania law school and the Rev. George L. Perrin, of Massachusetts, in their addresses last night laid stress on the educational side of the work to be done.
"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Napoleon Iowa. "I suffered terrible pain so could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." PAN-AMERICAN UNION BANQUETS

Secretary Bryan at Table With Diplomats of Many Nations.

WASHINGTON, March 14.—Secretary Bryan, who as head of the State Department is chairman of the governing board of the Pan-American Union, sat down to dinner last night in the Pan-American building with the representatives in Washington of the twenty other nations which with the United States comprise the union.
They were the guests of John Bar-

rett, director-general of the international organization. Mrs. Bryan was present and most of the diplomats were accompanied by their wives. Other guests included Miss Margaret Wilson, daughter of the President, the Assistant Secretary of State and Mrs. Huntington Wilson, assistant Secretary of State and daughter of the President of the United States, and Representative Flood of Virginia, chairman of the House Committee on Foreign Affairs.
The Brazilian Ambassador, Senhor Pereira, and the Argentine Ambassador, Sr. de la Roca, were also present.
After the dinner there was a reception, to which a number of other guests including the secretary and attaches of the Latin-American embassies and legations, Misses Jessie and Eleanor Wilson and their White House guests, Miss Helen Woodrow Bones and Mrs. Rathbone were invited.
JEFFERSON CITY, Mo., March 14.—The constitutional amendment providing for woman's suffrage was filed yesterday by the Missouri Senate.

THOUSANDS WOULD SLEUTH FOR U. S.

McAdoo's Vigorous Denial of Charges Fails to Stem Tide.

WASHINGTON, March 14.—Despite vigorous denials by treasury officials that Secretary McAdoo contemplates accepting the present corps of United States secret service operatives out of office, the tide of public opinion continues to flow in the direction of his removal.
The hundreds of daily "The desk of Col-

onel Lyman, the treasury department's appointment clerk, is littered with letters glowing with descriptions of the qualifications of would-be sleuths.
One man credited himself with discovering a dangerous counterfeit dime. He sent Secretary McAdoo two of the "spurious" coins. They are genuine. Another to prove the government's need of him in "gunshot" work, said he could talk freely and well and attracted attention wherever he went. A third applicant offered inducements of his "education and naivety" with 4000 applications on file since March 4, and no vacancy in sight, the treasury department is endeavoring to stem the tide of applicants.
SUBMARINE FLOATED.
SEATTLE, March 14.—The United States submarine F-4, which went aground at West Point, just outside the entrance to Seattle Harbor, was floated at high tide last night and proceeded, apparently undamaged, to Port Townsend, where it will undergo its builders' trial.

FOUR AUTOISTS GO TO HOSPITAL

Young Woman of Party Rendered Unconscious by Fall on Head.

SAN FRANCISCO, March 14.—The sudden bursting of both tires on the left side of a high-power automobile driven by J. H. Cane, who owns a garage at Ninth avenue and Geary street, caused the serious injury of Miss Lucy Henry of 349 Second avenue, and was responsible for the sending of four persons to the Central Emergency hospital at 2:30 a. m. The injured are Lucy Henry, contusion of the brain, possible fracture of the skull, lacerations of the body; Miss Henry, 2930 Lake street, abrasions of the arm, a bruise of the shoulder; L. J. Nunan, 46 Caine avenue, conductor, contusion of the hip, cut on the knee; J. H. Cane, severe contusion of the face, lacerated wound of scalp.

The accident occurred at the corner of Thirteenth avenue and Geary street. The party had been downtown enjoying a visit to several cafes and Cane was taking his friends to their homes. He had sped his machine to the highest notch when finally the tires blew out and car sank down on the rums, causing the steering gear to become crippled. All of the occupants were thrown out but Miss Henry, who is 20 years old. She was the only one who struck on her head. She was rendered unconscious and up to noon had not recovered her senses. Special Policeman Sullivan was in the vicinity and all of those hurt were taken in the Richmond police ambulance to the Park Emergency hospital. After Dr. Harrington had dressed their injuries all were able to go to their homes save Miss Henry, who was taken to the Central Emergency hospital.

OAKLAND NOT TO LOSE CUSTOMS MEN

Sub-Collector's Office Will Remain Here, Says Stratton.

That Oakland is in no danger of losing its subcollector's office of the customs service is the announcement made today by Secretary A. A. Denison of the Chamber of Commerce, following an interview with Collector of the Port Fred S. Stratton of San Francisco, who declares that the reorganization of the service will have no effect on the Oakland office.

"Mr. Stratton told me," said Denison, "that the proposed change in customs administration does not provide for the removal of this office, or anything inimical to Oakland's interests. The Oakland office has been paying, and is more economical than if Oakland shipping were handled from the other side."

"Of course, Oakland is still a sub-port and probably will be classed so for some years. We have neither lost nor gained in the reorganization. Mr. Stratton is to tell me further of the plan by letter."

The rumor that the Oakland collection office was to be abolished caused a loud protest from the business men of this city, and it was on this account that the San Francisco collector informed Denison of the state of affairs. Resolutions had been passed by the Chamber of Commerce and Merchants' Exchange urging that the office remain, and Congressmen Knowland had been urged to look into the matter. At the time Knowland informed the business men that, to his knowledge, no orders for the discontinuance of the Oakland branch had been made. Stratton's statement confirms this report.

Cough Medicine for Children.
Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective! WORKS TO SUCCEED MORROW, REPORT

Federal Judge Will Retire From the Bench in Circuit Court.

WASHINGTON, March 14.—That Senator John D. Works of California will resign from the United States Senate and will be appointed by President Wilson to succeed Judge W. W. Morrow when Morrow resigns from the United States Circuit Court of Appeals for the

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them. Get an ounce from Osgood Bros and banish the freckles. Money back if it fails.

Ninth Judicial District was a report, unconfirmed but well verified, that gained circulation in Washington today.

Judge Morrow will retire from the federal bench in July. He has announced that as his purpose.

Washington is excited to hear it reported that President Wilson would contemplate the appointment of a judge who was elected to office as a Progressive Republican. Works has repudiated all such rumors, movements, but he is not a Democrat.

In the event of Works' resignation, the appointment of the new senator would lie with the Governor of California.

COMMITTEE WILL PLAN RECEPTION

Details of Contra Costa Boosters' Visit to Be Arranged.

To arrange for the reception of the boosters' excursion coming from Contra Costa county over the Oakland-Antioch road on April 5, the committee appointed for this purpose by the Chamber of Commerce will meet Tuesday afternoon at 3 o'clock in the chamber headquarters. A plan is being made to have a delegation of Oakland men make a trip through the cities along the new line before the excursion takes place, to personally invite the boosters to this city.

"The visitors will be brought downtown," declared Secretary Denison "probably by transferring at the station, and will be met by the Oakland committee. They will be welcomed by Mayor Mott and other prominent citizens. Details, of course, have not yet been arranged."

Your Easter Suit

Should Be Made to Your Measure by Tailors of Known Reputation

Don't intrust the making of your Easter Suit to inexperienced tailors! And, by all means, don't pay \$30.00 for your Easter Suit when you can get one made to your measure for only \$15.00.

This Easter you should save fully one-half on your Clothing Cost and still be well dressed. You CAN do it! The House of Steinberg will help you.

Order Your Easter Suit Today or Tomorrow--We Will Have It Ready for Easter

Because we maintain our own workshops, the largest in the West, we can take care of your order and still have it ready on time for Easter. But you must act quickly. Don't wait until the last minute and then be disappointed. Order your Easter Suit today or tomorrow. Better do it NOW.

You have heard before of the House of Steinberg VALUES—you know that our \$15.00 made-to-measure Suits cannot be duplicated anywhere for less than \$30.00. This Easter, however, we are going to break the record of value giving. We have assembled here the largest and best selected stock of woollens ever displayed by any tailor, and we are going to make them up for the uniform price of \$15 per suit.

Values from \$25.00 to \$35.00 Made to your measure for **\$15.00** Three - Piece Suit — Guaranteed Fit—Excellent Materials. Perfect workmanship

Made to Your Individual Measure for \$15

Nowhere else can you get such a splendidly made and excellently tailored suit for less than twice our price. Nowhere else can you witness such splendid array of this season's most favorite patterns and choice materials. Here, at Steinberg's, you are saved the middlemen's profits.

We control our own Mills, our own Wholesale houses, and our own workshops. That's why it is possible for us to make you a suit to your measure for only \$15.00. That is why we are best qualified to make your Easter Suit. There are no better suits made than at the House of Steinberg.

The Materials: This season's most favorite patterns in Blues, Grays, Browns, and fancy mixtures are now here. The quality of the materials is of the highest grade, and cannot be duplicated in suits that sell for less than \$40.00.

The Workmanship: We employ our own mechanics, who are paid by the week — no piece work. They are trained to produce only garments of the highest grade, and every single detail is carefully attended to. Our Suits MUST FIT YOU PERFECTLY else we will make you another.

The Price—\$15.00: Our price is uniform. Don't expect us to raise you on extras, because the House of Steinberg has a reputation to back up. It is true that our suits are fully worth \$30.00 and up, but our price has always been the same FIFTEEN DOLLARS for ANY SUIT IN OUR HOUSE.

BUSINESS MEN URGED TO FAVOR HARBOR PLAN

Urging the business men of Oakland to use their influence for the Richmond inner harbor project, the industrial commission of that city has communicated with the Chamber of Commerce, requesting the latter body to pass a resolution favoring the federal construction of the harbor. This was refused recently by the government on the ground that the expense was too great to be warranted.

Richmond is making a last fight before Congress, and urges that Oakland business men use their influence on the congressmen from this district. The matter will be considered at the next meeting of the board of directors of the chamber.

BILL PASSERS SENT TO FEDERAL PRISON
SAN FRANCISCO, March 14.—William

Murphy and Edward Jones, the last of the gang of bill-passers who have been operating in this city, Oakland and other parts of California, were each sentenced to serve a term of three years on McNeil's island and pay fines of \$500 by United States Judge Van Fleet this morning.

BOOKED FOR LARCENY.
SAN FRANCISCO, March 14.—Mrs. Esther Shane of 2190 O'Tarrell street was robbed of \$75 in cash and jewelry to the

amount of \$275 yesterday. This morning the police arrested Harry Hsmul, a lodger in the house, who had the valuable and coin upon his person. He was booked for grand larceny.

Dr. Rowland G. Freeman of New York says that when a child is a liar it merely means he will grow up and be a novelist, and brag about the vast sums he gets in royalties.

WORK ON TUNNEL AND HIGHWAY TO COMMENCE

VIRGINIA PROFESSOR TO GIVE COURSES HERE

RICHMOND, March 14.—The official plans and specifications for the municipal highway and tunnel are now complete and Engineer Haviland will pass them up for formal acceptance of the council at the next meeting, at which time it is also hoped to have a report from the city attorney and Charles Bacon relative to the titles on the lands to be condemned under the tunnel and highway proceedings. This latter phase of the case is what has been delaying official action and the commencing of actual work on the project, as nothing further can be done now until the matter of land titles is passed upon. There is \$40,000 of available cash on hand for the commencement and completion of this important work and it is anticipated that dirt will commence to fly some time next month.

UNIVERSITY OF CALIFORNIA, March 14.—Dr. Charles A. Smith, Edgar Allen Poe professor of English at the University of Virginia, has been appointed to head the department of English in this year's summer session at the university. At least two courses have been selected by Dr. Smith for his own work in the session, one on "The Poetry of Robert Browning," the other on "American Literature."

Dr. Smith was Roosevelt professor of American literature in the University of Berlin in 1911. He was born in North Carolina in 1881, graduated from Davidson College in 1894, took the degree of doctor of philosophy at Johns Hopkins University in 1897, and for the next nine years was professor of English in the Louisiana State University at Baton Rouge. From 1905 to 1909 he was professor of English and Dean of the Graduate department in the University of North Carolina.

Start Your Baby With Sound Health

Regular Bowel Movement From Childhood on Forestalls Future Serious Diseases.

We cannot all start life with the advantages of money, but every child born is entitled to the privilege of good health. Through unfortunate ignorance or carelessness in the feeding of a baby its tiny stomach may become deranged. The disorder spreads to the bowels and before the mother realizes it the two chief organs on which the infant's comfort and health depend are causing it great suffering. If the condition is allowed to continue grave ailments often result.

There is, however, no occasion for alarm, and the sensible thing to do—but it should be done instantly—is to give the baby a small dose of a mild laxative-remedy. In the opinion of a great many people, among them such well-known persons as the parents of Dixie Dudley, Magnolia, Ark., the proper remedy is Dr. Caldwell's Syrup Pepsin. Mrs. Earl Dudley writes: "Dr. Caldwell's Syrup Pepsin is the best medicine I ever used. It cured my baby of the colic which the doctor told me it had. It cured my husband of constipation. My home shall never be without Syrup Pepsin." It is a pleasant-tasting laxative, which every person likes. It is mild, non-gripping, and contains the most excellent of all digestants, pepsin.

This remedy is especially intended for infants, children, women, old people and all others to whom harsh cathartics, salt waters, pills, etc., are distressing. In fact, in the common disorders of life, such as constipation, liver trouble, indigestion, biliousness, headaches and the various other dis-

DIXIE ASKEEW DUDLEY

orders of the stomach, liver and bowels nothing is more suitable than this mild laxative-remedy, Dr. Caldwell's Syrup Pepsin.

Two generations of people are using it today, and thousands of families keep it constantly in the house, for every member of the family can use it. It can be obtained of any druggist at fifty cents or one dollar a bottle, the latter being the size bought by families who already know its value. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way, a "Druggist" sent your address by postal mail will do so. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

GO OPERATION WILL BE DINNER THEME

Greater Development of Bay Region to Be Discussed at Banquet.

Under the auspices of the Oakland Commercial Club a dinner will be given the first part of April for the purpose of perfecting a scheme of co-operation and organized effort which will lead to a greater and more rapid development of the bay region surrounding San Francisco Bay. To this dinner will be invited over 200 of the leading men in commercial and financial circles of the bay region and the keynote will be organization and co-operation in working for the commercial supremacy of the San Francisco bay district. O. E. Hotie has been appointed chairman of a committee which has the dinner in charge and in discussing the plans for the affair at the headquarters of the Commercial Club in the Hotel Oakland this morning he said:

"The inter-dependence of the bay cities is a well-recognized fact. These communities must work together and unless they do their growth will continue to be second to that of cities in other localities. The solution of our how this united effort may be brought about is the motif of the dinner and each one of the speakers will offer one or more lines along which the affected cities may work. Owing to the present lack of co-operation other communities are being built up at the expense of those situated in the bay region and the locality in which the people of Oakland, San Francisco, Berkeley, Alameda and Richmond and other cities are interested is not prospering at anywhere near the rate it should."

"There is a wonderful territory lying on the shores of San Francisco Bay, one capable of unlimited development and the development should be increased rather than retarded."

"It is not being retarded wilfully, but for lack of organized and consistent effort. It is such organization and concentration that the Commercial Club desires to bring about and the only way to bring it about is to get those interested together and formulate a plan of action. The desire and need is present; it is only a case of mapping out a consistent plan of campaign and then going ahead and doing it. This is what will be done at the dinner."

The committee in charge, in addition to Chairman Hotie, is as follows: W. W. Garthwaite, F. E. Carlston, P. E. Bowler, W. C. Henshaw, E. A. Heron, Mark L. Requa, H. C. Taft, Robert M. Fitzgerald, Charles E. Snook, J. Y. Eccleston, M. J. Lynamance, Frank J. Woodward, Walter Leimert, John Abrahamson and Charles J. Heeseman.

MAY READVERTISE FOR STEEL WORK

Protest of Builders and Union Men Heard by the Council.

Acceptance of the bonds for the steel work on the Municipal Auditorium was laid over till next Monday on the motion of Commissioner of Public Works Harry S. Anderson this morning. When the large protest was entered by laboring men and contractors against letting the contract to an outside corporation, which will have the steel fabricated in the East. It is probable that the California Construction Company will be released from contract and that the steel will have to be readvertised.

Members of the Building Trades Council and the Central Labor Council represented to the council that they would oppose any future bond issue if their protest was ignored. The contract for the steel was let to the California Construction Company, March 3, for \$177,867. The bonds were up for approval today. The company was the only bidder, the Judson Manufacturing Company presenting a letter at the time of the opening of bids asking that the specifications should be changed. Anderson, the labor union men and contractors if, in the case now bid, were called for and the Judson company should not offer the lowest bid, they would cease their opposition to the California Construction Company. The representatives of the unions agreed that this would be just.

COY CONDUCT IS DIVORCE CAUSE

Fickleness was cited by Glenn B. Thompson in his complaint against Vera E. Thompson, as the ground upon which he wanted a divorce, and the testimony developed in the hearing of the evidence bore out his allegations so well that he was granted an interlocutory decree of divorce. He testified that his wife had the coy habit of visiting camps in Arizona where men were gathered and that she took for rides. On one occasion, he alleges, she met a man on the street here and deliberately walked up and kissed him. When he remonstrated with her for such conduct she justified it on the grounds that the man was a friend of hers and had just returned from a trip.

Mrs. Thompson was granted an interlocutory decree from George W. H. Langley on the ground of cruelty. She testified that he abused her.

COUNTY TO SUE TELEPHONE CO.

Supervisors Instruct District Attorney to Bring Suit Against Concern.

The board of supervisors this morning instructed the district attorney's office to bring suit against the Home Telephone Company of Alameda county to recover \$1000 declared forfeit on the company's bond when the concern sold out to its competitor. The suit will have to be filed either today or tomorrow as the statute of limitation takes effect after that day.

Deputy District Attorney Leon Clark has been given charge of the suit, and will present the case in court. He stated that the suit would probably be filed some time this afternoon, or tomorrow. The position which the county takes is identical to that taken by the city of Oakland in the suit for \$100,000 which was brought against the company and its bondsmen yesterday.

The suit which the county will bring is against the company and the Fidelity and Deposit Company of Maryland as surety. The company was granted a franchise by the county on April 12, 1909. Its first bond was given by the Aetna Indemnity Company, which failed subsequently, and a new bond was filed. A similar suit as the one brought yesterday by the city of Oakland and the one which the county will bring, was filed by the city of Berkeley against the company, and the case was decided against the city by Judge Waste, who held that the franchise, stipulating this bond, was in conflict with the state statutes. The same ground, it is stated, is expected to be taken by the company and the bondsmen defendants in the present litigation.

GENEE CAPTURES HEARTS OF CROWD

A large and fashionable crowd filled the Macdonough theater last night, and paid tribute to the art of Genée. A splendid program, headed by Genée's great creation, "La Danse," was given. In "La Danse" Genée faithfully portrayed the art of dancing and interpreted the greatest dancers from the earliest authentic period on record until the time of the introduction of the modern waltz by Johann Strauss. During the presentation of the several tableaux, Genée represented such noted dancers as Mlle. Provost, Mlle. Salle, Guimard, Allard, Griel and Taglioni, and introduced some wonderful costume creations, which were exact reproductions of the dresses worn by the great dancing stars of the different royal courts of the past.

In addition to "La Danse," the entire ballet from Meyerbeer's "Robert le Diable" was given, with Genée, Voltaire, the magnificent Russian dancer who is her chief support; Mlle. Schmitz and the entire corps de ballet in the cast. Then came a series of dance specialties, solo numbers, duets and trios, and solo numbers by Genée and the entire company, the program concluding with Genée's last creation, "The Return From the Hunt." She had the assistance of Gleason and his splendid orchestra for accompaniment.

TELLS OF INSULTS TO SUFFRAGETTES

Mrs. E. L. Ormsby Speaks to Civic Center, After Seeing Parade.

The story of the famous suffragette parade in Washington the day before the inauguration of President Wilson, with its recital of alleged insults to the marchers, was given at the gathering of the women of the Oakland Civic Center at the Chamber of Commerce this afternoon.

Mrs. E. L. Ormsby, who with her husband, attended as a representative of the local center, was a speaker. In part she said:

"Never before has a nation witnessed such a scene as passed down the principal thoroughfare of our capital city on the third of March. Woman exalted her plea for enfranchisement with a splendor of pageantry whose power of beauty and reason could not be overcome by open ridicule, insults and coarse witlessness of a jostling, boisterous crowd, nor by the lack of police protection."

When the request was first made for police protection, Major Richard Sylvester replied that he could not guarantee order and protection if the ladies insisted on marching. It was made clear why he was confident he could protect a parade on March 4, but equally confident that he could not look after one on March 3. His plea of incompetency, however, aroused no sympathy and the President sent word to the suffragettes that if the Washington police could not assure order, Federal troops would be assigned to the task. This proposal was that the police department undertook it with no real purpose of making good. "Near the capital where the pageant formed, arrangements were excellent. Congress was there watching and so far as Congress could see everything was all right. As soon as the marchers had passed a few squares down the avenue they were in an uncontrolled mob of hoodlums. This mob found no police to restrain it and did as it pleased. The women were hooted at, jeered and insulted. Ribald and obscene remarks were shouted at them indiscriminately. This surging crowd of unrestrained human beings, which had broken the parade into sections could not be forced out after they had entered the new zone of safety and the whole affair broke into a pitiful demonstration of the incapacity of the police to protect a parade. The cavalry finally had to be called in to service and did good work. It was due to their help that this procession of 6000 earnest women could pass between solidly packed masses of humanity to emphasize their demand for suffrage through Constitutional Amendment."

AGILE BURGLAR PLAYS HIDE-AND-SEEK WELL

BERKELEY, March 14.—Charles Fleischer, of 1739 Shattuck avenue, discovered the most agile burglar in the country last evening when he and his wife returned late from the theater. When the Fleischers entered the front door, according to their report to the police, the burglar fled by a rear door. When they followed him out that way he ran around the house and in the front yard. When they, too, rounded the house and entered by the front door, he fled again by the back door this time for good.

Sleep-Walker Falls And Sustains Injuries

SAN FRANCISCO, March 14.—While walking in his sleep at midnight James R. Madden, a hunter living at the Sunset hotel, stepped out of a window and fell two stories to the street. He was seen by passersby, who picked him up. He declared that he was unhurt and with the assistance of the clerk walked to his room. This morning, however, it developed that he had broken a rib and was suffering from possible internal injuries. He sought treatment at the Harbor Emergency hospital.

THE AMERICAN

ALAMEDA MAID IS
BADLY BITTEN BY DOG

ATAMUNDA, March 14.—Foundmaster Grant Ellis is out today in pursuit of a dog that early this morning was shot by the hunter, William Borland, of 1241 Benton street. The child had been sent to the butcher shop at that station, in which the dog was shot. As soon as he saw the hunter, the animal fled but by the leg, lacerating the flesh and causing an ugly wound. The dog is a large, black and white, with a round of the dog, which ran to the slaughter killing the child. The owner of the dog is unknown and the hunter, Mr. Ellis was called to the Butcher shop and dressed the wound. He stated today that unless the provener of the dog is found, the wound will not prove dangerous.

Hawthorne Club's Double-Header Tonight Will Draw Bay Fans Colonel Pepper Badly Needed in the Line-Up of the Oakland Team

FANS WILL CROSS BAY TONIGHT TO SEE GOOD CARD

Lew Powell, Old Favorite, Will Meet Frankie Smith; Jack White Tries O'Leary.

There will be two important decisions rendered this evening at the show of the Hawthorne Club's double-header, the San Francisco side. One of the verdicts is the attempt of Lew Powell to "come back" by defeating Frankie Smith and the other will follow an engagement between Jack White, a Chicago featherweight and Johnny O'Leary, a Portland boy. In the event that White wins, he will endeavor to grab the 128 pound championship of the coast. Should O'Leary turn the trick, however, it is probable that he will go after the same plum. White has defeated Owen Moran and has boxed twice with Johnny Kilgore, Abe Attell and one Almont.

It is in the Powell-Smith fight that the most interest is being taken. Powell several years ago took a crack at the world's championship, but was defeated. If he can put Smith out with difficulty, he will have a good chance to have another try for the title. Smith is a local youngster and is one of the toughest in the business.

McFarland vs. Watson

Incidentally this evening's performance will be the last of the four-round shows this month, next Friday being Good Friday and no night being issued for that night. Eddie Grady of the Tuxedo Club has secured the permit for the following week. It will stage Tommy McFarland and Red Watson in a twenty-round elimination lightweight contest. The boys have agreed to make a 120 lb. m. on the day of the contest. Each has gone the route before, but with not much success. One Round Hogan beat McFarland in fifteen rounds, 30 Frankie Burns stopped Watson in eight rounds.

Bud Is 10 to 7

LOS ANGELES, March 14.—While Bud Anderson, the Medford Oregon lightweight, concluded his training today for his scheduled 10 round bout with "Knockout" Brown at Vernon Saturday, Brown continued to pick along, following the same training camp. The New York boxer will keep up his work almost until ring time. It was expected that he would devote several hours to his training on the morning of the fight.

Herb White III

Herb White, the Stockton lightweight, has been stricken with an attack of appendicitis and is in a Skatlon hospital. The bout between Frankie Burns and White, which was scheduled first for March 19 and later for April 19, has been called off. Burns will meet Azavedo for ten rounds before the Oakland Wheelmen next month.

New Chance for Toby

Matchmaker Jimmy Rohan intends to give Toby Miller another chance next month, believing that the boy is one of the greatest fighters in the business and that he is entitled to another contest. Miller and Tollen were supposed to weigh in at 144 lbs. Wednesday evening but Miller was the only one of the pair to mount the scales. Tollen went to Senary over the scales and made no protest. On the same night his grandmother died. Miller is a mighty good boxer and a real head, but when the fans would like to see in action any time.

Smith vs. Wells Tonight

Gunboat Smith the California heavyweight meets Bombardier Wells tonight in New York in a ten round bout. Smith will enter the ring at 160 pounds, fifteen pounds lighter than the Britisher. A great crowd is expected.

SPRING TRAINING SEASON IS NOW IN FULL BLAST EVEN AT HOME

: DIAMOND DUST :

Tip O'Neill announced yesterday that he had arranged games for the second squad of the White Sox with Watsonville on March 24, and with Santa Rosa on the 30th. Nick Williams, Portland Colts will play at the latter town while home talent will furnish the opposition at Watsonville.

Pop Anson was among those present at the Grove street ball park yesterday afternoon.

Christian thought he had Kuhn retired on strikes in the second inning and started for the bench. He was recalled, and after that the Chicago backstop drove in a run with a nice slide.

Collins of the Sox was caught napping off first base in the fourth inning and thrown out by Tyler Christian.

First Sacker Ness showed fairly good speed in beating out an infield hit in the second inning for the Oaks.

The Oaks will have just one more chance to beat the White Sox No. 1 team in the home of the White Sox Sunday morning at the same park.

As White hopes we can never count on Judge McCredie of the Portland Coast League to uphold the honor of the White Sox on the baseball field. Yesterday afternoon the American Giants of Chicago (colored) beat the Beavers to the tune of 7 to 6.

Harry Krause was put in as a pinch hitter in the Giants-Beaver game yesterday, which came through with a triple which brought in two runs.

Frank Arralanes, the Sacramento pinch runner, was in the way of a ball which was thrown in from the bleachers yesterday and consequently Frank is now nursing a broken smile.

Judge McCredie of the Portland Coast League team has announced the team which he will send against the San Francisco Coast League on April 1. Here they are: Chadbourne, left field; Doane, right field; Rodgers, second base; Krueger, center field; Korns, shortstop; Derrick, first base; McCormick, third base.

SPORT SPARKS FROM EVERY FIELD

Spring training: Many are called, but few are chosen.

Stanley Bernstein, three years old, son of Isaac Bernstein of Chicago, trainer of college athletes and "discoverer" of Packey McFarland, is said by his father to be the youngest boxer in the world in active training.

Walter McCredie of Portland, who was a recent visitor at St. Mary's College, is much impressed with the sport of Park Wilson, who is playing an outfield position on one of the local college teams.

In the ball grounds at Washington they are going to make ex-President Taft's chair into a box to accommodate the entire Wilson family.

If Berengerhammer is landed for third base by the Wolves, Harry will have a good shot at the weak spot in the Senatorial infield.

Ted Gleason, who comes to Oakland next week with the second squad of the Liberty statue was a child. Gleason will deliver his famous baseball lecture at St. Mary's College Monday.

Honolulu has five baseball leagues, none of which speak the same language. There is an American league, a Hawaiian league, a Portuguese league, a Japanese league and a Chinese league.

Five umpires who will be new to major league fans will make their debut at either the National League or American League this year. President Lamm of the Nationals has added W. J. Guthrie and technically J. Dwyer to his staff. Both of these men worked with the International League last year.

Thirty-two are on the waiting list. The trout season will be with us in less than two weeks. Anglers are already getting out the old tackle in preparation for the annual exodus.

If you don't believe the baseball season is with us again, pipe this, which is guaranteed 100%: She (freedom) the training camp news from Marlin.—This Jim Thorpe isn't such a great athlete, after all, is he? Why, the whole team is continually helping him out.

Wait until the Giants come out on the Polo grounds in New York with violet caps and violet trimmed suits! That's the only thing the violets will be the McGraw solo.

The Pacific coast regatta will be held on the Oakland return on April 12. Instead of April 19, as first arranged. This change was made by the regatta committee.

The Pacific coast regatta will be held on the Oakland return on April 12. Instead of April 19, as first arranged. This change was made by the regatta committee.

With Sir A. Conan Doyle engaged in a billiard tournament for the amateur championship of England, and Maurice Maclellan acting as "President of the Jury" at the ring side when Georges Carpentier knocked out an American heavyweight at Nice, sports "men" certainly looking up.

"Mysterious Billy" Smith is in Vancouver, B. C. When he heard in the papers that Tommy Burns wanted to "come back" Smith vowed that if Burns wanted to go on, he would meet him.

Harry Ables Will Go Up Against Big Ed Walsh

Here is joy for the baseball fans! Harry Ables and Big Ed Walsh will be the opposing pitchers Sunday evening when the White Sox and the Oaks engage in the last game of the series. Manager Mitze is determined to win at least one game from the visitors and Callahan is just as determined that he shall not. Hence Ables and Killy will engage in a duel that ought to be the greatest spectacle of the pre-season schedule. Walsh is one of the greatest cards among the ball players of the country and is this year in the best condition he has ever enjoyed. The same may be said of Harry Ables. The game will start promptly at 10:10.

P. A. CHAMPIONSHIP WON BY SWASTIKAS FROM U. C.

(By MARSHALL EVANS.)
The Swastika basketball five of San Francisco annexed the 145-pound championship in the P. A. tournament last night by defeating the University of California team 26 to 24. The game was the closest and most exciting of the entire journey and brought out the fastest basketball that has been seen on the local Y. M. C. A. court in many months. When the final whistle blew at the close of the second half the teams were neck and neck at 24 all. Extra time was then called, and the two fives went at it once more in the race for the deciding goal. The play continued at a terrific pace for a brief period, until Schubert, the Swastika center, placed the ball through the basket and brought the championship to his team.

At the outset of the contest, the winners appeared about to make a runaway affair of the match. Before their opponents were fairly under way the score stood 8 to 2 with the Swastikas in the lead. California soon got into the running, the Blue and Gold players struck their gait and the margin separating the two teams rapidly disappeared until the tally stood at 12 to 12 in this period of uphill play, the California five exhibited their best form. The guards performed the forwards shot accurately and the teamwork was excellent.

The lead seasawed between the two teams until at the end of the half the score was 16 to 14 with the Swastikas on the long end.

Immediately after the opening of the second period, California tied things up 16 all. Then a point awarded to the Blue and Gold broke the tie by one unit. At this point the Swastika players slacked perceptibly in their play and California, with a burst of speed, took the score to 21 to 16 when the half was about two-thirds over.

Base hits...0 1 0 1 0 3 2 2 0 0 6

SUMMARY.

One run, 5 hits off Christian in 5 innings; no runs, 2 hits off Douglas 3 innings. Three-base hits—Cov, Douglas, Zacher, Ness. Sacrifice hit—Benz. First base on called balls—Off Douglas 2. Struck out—By Douglas 2, by Benz 3, by Christian 2. Wild pitch—Christian. Time of game—1 hour and 45 minutes. Umpire—McCarthy and Rush.

A tremendous finish on the part of the winners cut down this lead and at the final whistle the score book showed each team with 24 points. Day went in for Fried on the Swastika team, and the game proceeded to its brilliant finish. A foul was called on the San Francisco team but went unconverted. Then the play went to the region under the basket guarded by the Californians and Schubert shot the final goal, ending the match.

The teams lined up as follows:
Swastikas—Fried (Day), Stewart, forwards; Schubert, center; Griffith and Anderson, guards.
California—Macomas and Kilguff, forwards; Mackay, center; House and Cook, guards.

TELEGRAPHS 23, BERKELEY 19.

Another close game resulted in the meeting of the Telegraphs 120-pound five of San Francisco and the corresponding team of the Berkeley Y. M. C. A. The former team finally nosed out their rivals 23 to 19, thereby annexing the class championship.

Following are the lineups:
Telegraphs—Garvin and Buckley, forwards; Kotte, center; Campana and Brown, guards.
Berkeley Y. M. C. A.—Warren and Bridgen, forwards; Erskine, center; Hawkins and Frank, guards.

The Oaks got their second run in the seventh inning, when Ness tripled to left field and a moment later scored when Kuhn tried to catch Ness off third and hit the runner with the ball. The entire homing to the fence. Ness would have scored anyway, as Cook drove one over Weaver's head a moment later.

"Slacker" Douglas kept the Oaks pretty well in hand, but Benz, a splitter, was another to the liking of the crowd. Chicago next sent after Earl Ford, the eighth inning. Benz flew to Coy. Rath hit safely to left, and Lord beat out a single, but the pitcher's body covered the first bag. Mattick and Collins then singled in succession and Rath and Lord scored.

In the ninth inning two glaring errors swayed the score by two runs. Weaver singled safely, but should have been forced at second when Kuhn batted one at Perrell. Cook dropped Perrell's throw and both men were safe. Benz sacrificed and the runner out to Schum. Ness made a fine stop of Lord's grounder, but Perrell dropped the throw and Weaver and Kuhn scored easily.

FREMONT BASKETERS CLAREMONT PLAYERS GO TO INGLESIDE TOMORROW

Several hundred student spectators were given a chance to display their vocal powers yesterday afternoon in the basketball game of the Fremont High School, when the basketball teams of the Oakland Manual Training and Commercial and Fremont High Schools met, the former team grabbing the long end of the rally shot. The final score was 36 to 21. The game was one of the best played between high schools in some time and was featured by clean playing of both teams. The "Poly" youngsters started out in a race horse style and before the first half was half finished had run up a score of 21 points.

Fremont took the initiative in the second half and made a desperate effort to overcome the Poly lead. Foster and Dwyer started for the winners, while Foster and Dwyer were the shining lights for the losers.

The 110 pound basketball squad of Fremont had little to say in the game, as the Inter-Club High School No. 1 quintet, taking the long end of a 12 to 8 score. While started for the Inter-Club team and the "Poly" for the Fremont aggregation.

In the game between the 65 pound team of Fremont and the 110 pound team of the Inter-Club High School, the latter school boys had an easy time of it, winning by a 7 to 1 score.

COLLEGE PITCHER IS SIGNED UP WITH LOS ANGELES

Following his clever work against the White Sox, in which he held that bunch of big leaguers to 3 lone hits, Walter Reuther, familiarly known as "Dutch", the southpaw pitcher of the University of St. Ignace was beset with offers of jobs in the various leagues. Los Angeles of the Pacific Coast league beat the other teams to it and Captain Dillon is now the possessor of the San Francisco marvel. Reuther is 19 years of age. He will leave Sunday night for the south to join the Angelenos.

Two years ago he pitched one game for the Portland club, and Walter McCredie signed him. Reuther Sr. would not allow his lad to play ball at that time.

YOUNG O'LEARY WINS FROM SALVADORE; SCHIFF WINNER

Johnny O'Leary won all the way from Sally Salvadore in a ten-round bout at Stockton Wednesday night. O'Leary out-pointed his man easily and almost scored a knockout in the last round. The Northwest feather-weight came out of the mill in good shape for his go with Jack White of Chicago tonight.

Billy Holmes of San Francisco was stopped in nine rounds by Adey O'Brien of Stockton. Johnny Schiff put up a clever exhibition and took the decision over Young Burton in six rounds. Frank Schuler acted as referee.

which would you choose for \$30 per month?

The "two rooms and bath" idea can't compare from any standpoint with a sunny bungalow on a 35 or 40-foot lot. And, strange as it may seem at first glance, the \$30 that buys the privilege of living in "two rooms and," will pay principal and interest every month on a cozy, well-built bungalow of your own.

The reason "wall beds," "kitchenettes" and doll-house bathrooms are so much in vogue is because the average person doesn't think his rent money will go very far toward his own home.

For the sake of hot water and steam heat, Mr. Apartment-House-Man will move half the furniture every night to let down the bed, put up with poise above and below, and across the hall, and be guided by a set of house "rules" that nobody else in the place seems to recognize.

Pay US \$30 a Month

and we'll give you a deed to a bungalow in our newest bungalow subdivision, Vista Del Mar, north of University avenue, Berkeley, with the Northbrae Key Route at your door.

You can have convenience, comfort, fresh air, sunshine and room to move about—all for the same money you pay for a stuffy apartment. The first payment is only 10% of the total cost of house and lot. The monthly payments include interest.

It won't cost anything to talk it over with us, even though you're not quite ready to buy. And perhaps that 10% payment stands in the way. Don't let it. If by our assistance you can leave the rented apartment a little sooner than you anticipated, and move to your own home, don't you think it would be worth while to investigate and learn how?

Vista Del Mar is priced as low as \$20 per foot. The most expensive corner costs only \$30 per foot.

Make up your mind right now which is the plan worth while—an apartment or a bungalow, either of which would cost \$30 a month to handle. Take your choice.

COLUMBUS ORDER TO HELP MEMBERS

Plan to Establish Employment
Bureau and Hospital
Beds.

There is a movement on foot by the members of the bay councils of the Knights of Columbus to take steps for helping the members of their organization in a practical way. At a recent meeting the following councils were represented: San Francisco and California Councils of San Francisco, Oakland, Alameda, Berkeley, Hayward, San Mateo and San Rafael councils. Temporary officers were chosen, consisting of Elmer Dyer, grand knight of Alameda council, president, and Frank Mitchell Jr., grand knight of Hayward council, secretary.

The new organization will be composed of the grand knight and four delegates from each of the bay councils, and will be known as a chapter. It will have for its principal object the establishment of an employment bureau with a central office and a manager, who will devise ways and means for securing employment for its members in the bay cities. The second object will be the establishment of beds in both San Francisco and Oakland hospitals for the benefit of sick members. There will be a meeting on March 20, at the headquarters of the San Francisco council, at which permanent officers will be elected and the by-laws adopted.

in Allowance for Probation Office.

Urging that the raises in salary asked for in the probation office now before the Legislature with the fixing of Alameda county's expenses, be granted, the Men's League of Plymouth church has passed a set of resolutions supporting the petition.

The resolution sets forth that, as the work is a necessary adjunct to the courts, and as the salary raise is expected to mean better service, the salary increases should be granted. The resolution is signed by the board of managers, as follows:

Arthur Arlett, Leslie E. Burks, Guy C. Caiden, Louis S. Gear, Herbert Sack, William H. Spaulding, president.

Now Well After Using Eckman's Alternative

A Valuable Remedy for Throat and Lungs

The makers of Eckman's Alternative, which is doing so much good for consumptives, are continually in receipt of wonderful reports of recoveries brought about solely through the use of this medicine. These reports are always at the command of any one interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

421 Second Ave., Aurora, Ill.
"Gentlemen: Pardon me for not writing sooner, but I wanted to see if I would stay cured. I can now truthfully say I am perfectly well. I met a man with a heart-felt thanks. I have no pain, no cough, no night sweats, no hay fever. Since a child of two years I have been ill with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said if I could not be sent South I would surely die of Consumption. Every winter I would be sure to have Bronchitis, Pleurisy or Pneumonia. I had Typhoid-Pneumonia one time. I had catarrh of the stomach and bowels and had Hay Fever for the last few years, but have not anything of the kind this year. I will answer all letters sent to me, asking a history of my case, from any one suffering with lung trouble."
(Signed) ETTA PLATH.
(Five years later reports still well.)
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

MRS. F. T. MOORE GUEST OF HONOR

Retiring President of Adelphi Club
Club Entertained at Luncheon.

Mrs. Fred T. Moore, the retiring president of the Adelphi club, was the special guest of honor at the annual luncheon of the club yesterday at the clubhouse. Mrs. Moore, who recently went to Sacramento to make her home, came down yesterday for the luncheon. The affair was elaborately appointed and a stringed orchestra furnished music during the luncheon.

"Dianthe's Desertion," a clever playlet produced by the club in conjunction with "The Search" several months ago, was the chief feature of the delightful program after the luncheon. Mrs. Louis Ward, Mrs. Joseph Emmal, Miss Alice Jones and Miss Jeanne Sturtevant were the club members who distinguished themselves by their clever work in the skit.

Mrs. Henry Rosenthal, the vice-president, made the presentation of a basket of flowers to Mrs. Moore in a graceful speech which paid tribute to her popularity and expressed the regret of the members at her departure for another city.

The luncheon tables were decorated in the club colors, with daffodils used in profusion. At the center table a number of visiting club presidents and officers of the Adelphi club were seated, the honor guests including Mrs. John Conant Lynch, retiring president of the Alameda district; Mrs. A. P. Black, president California Club; Mrs. F. B. Weeks, retiring vice-president of the district; Mrs. Stephen Kieffer, president Twentieth Century club of Berkeley; Mrs. Granville Shuey, president of Home club; Mrs. C. S. Chamberlain of Oakland club; Mrs. J. N. Frank of Alta Mira club; Mrs. A. C. Posey, president of Ebell club; Mrs. F. B. Graves, president of Tea club, and the following past presidents: Mrs. F. S. Teller, Mrs. F. B. Weeks, Mrs. James T. Higgins, Mrs. J. N. Young, Mrs. Herbert Everett Hunt and the present president, Mrs. Fred T. Moore and two guests, Mrs. Herbert Furlong and Mrs. Prentiss, with the present board: Mrs. Henry Rosenthal, first vice-president; Mrs. D. H. Weeks, second vice-president; Mrs. A. O. Gott, treasurer; Mrs. Will C. Wood, recording secretary; Miss Ida Spencer, corresponding secretary; Mrs. A. W. Corneliussen, Mrs. Maurice Brown, Mrs. James C. Fraser, Mrs. J. Brooks and Mrs. W. S. Porter of Seattle.

HUTTON AND WIFE NOW LIVING APART

Millionaire Merchant Not With
Wife and Son; Divorce
Not Mentioned.

SAN FRANCISCO, March 14.—C. A. Hutton, millionaire flour merchant, and his wife have separated. Hutton has gone to the Court hotel to live and Mrs. Hutton is living at the Hotel St. Francis. Their son, Harold P. Hutton, has also been living at the St. Francis. The cause for the break is not known and no information is given out as to divorce proceedings.

Harold Hutton figured in a test automobile case in San Mateo county last month. He was speeding on the county road in a machine with his mother and ran down a vegetable wagon. He did not stop to offer aid or give his number. He was arrested and although his father employed a staff of lawyers, Justice H. W. Pamphill held the young man to answer to the superior court.

It was the first case of the kind to be prosecuted under the new state law. Hutton was fined \$250.

Piano Repairing

¶ We have the largest and best equipped Piano Repair Shop on the Pacific coast and make a specialty of overhauling and regulating actions, voicing Pianos to remove "tinniness," putting in new hammers, polishing and varnishing cases, etc.

Old Pianos Remodeled

¶ Perhaps you have an old upright or grand piano which is dear to you because of its associations. If so, it probably has a tone enriched by age, but the case is old fashioned and not in keeping with your home furnishings. We can thoroughly modernize the case and renovate the interior. If rosewood, we can bring out the beautiful grain of the wood, long hidden by age. Also—in many of these old Pianos, a Player action can be installed. Upon request our expert will call, advise you and estimate free of charge.

Pianos Stored

¶ We also make a specialty of Storing Pianos. Our Warehouse contains 37,000 square feet, is dry and airy, with a low insurance rate. We guarantee against moths, rust and dust—every Piano in storage given regular expert attention.

THIS MAN IS HIS OWN GRANDFATHER

Peculiar Marital Relations Lead
to Remarkable
Tangle.

PHILADELPHIA (Pa.), March 14.—Angus Carney, who has announced that he is his own grandfather, has his neighbors doing mental arithmetic, which makes the age of Anna more of a problem.

Carney has compiled the following: "I met a widow with a grown daughter and I married the widow. Then my father met my step-daughter and married her. That made my wife the mother-in-law of her father-in-law, and made my step-daughter my step-mother. My father became my step-son, the daughter

of my wife, had a son. That boy was of course my brother, because he was my father's son. But he was also the son of my wife's daughter and therefore my grandson. That made me grandfather of my wife's grandson.

"Then my wife had a son. My mother-in-law, the step-sister, is also his grandmother. Because he is the step-son of my child, my father is the brother-in-law of my child, because the step-sister is his wife. I am a brother of my own son, who is also the child of my step-grandmother. I am my mother's brother-in-law. My wife is her child's aunt. My son is my father's nephew and I am my own grandfather."

THIRTEEN MORE SHIPS FOR ENGLISH'S NAVY

LONDON, March 14.—The British Naval estimates for 1913-1914, which were announced yesterday, total £251,516,500, as compared with £225,277,000 last year.

The new building program provides for five battleships, eight light cruisers, sixteen torpedo-boat destroyers and a number of submarines.

The personnel of the navy is to be increased to 145,000 officers and men. There will be under construction eight first-class battleships, three battleship cruisers, thirteen light cruisers, thirty-five torpedo boat destroyers and twenty-one submarines. In the year now closing, four battleships, three battleship cruisers, five light cruisers, fifteen destroyers and three submarines were completed.

TEXT BOOKS MAY BE VERY SCARCE

Million Will Be Needed; State
Cannot Supply Half
of Amount.

SACRAMENTO, March 14.—State Printer Richardson predicts a textbook famine next fall. The capacity of the printing office is 75,000 books a month. State School Superintendent Hyatt estimates a million books will be needed by the middle of August, which means the state can turn out but \$50,000 by then. There are less than 200,000 texts on hand, bringing the maximum supply by fall to only \$50,000. Twenty-four thousand were shipped to San Francisco schools today.

Break Your Cold the First Day

You can usually tell when a cold is coming on. If you will get a bottle of Parker's Cough Syrup immediately—you can prevent this cold. A cold and cough is easily broken the first day, but if you neglect it, it gets worse and harder to cure each day. An ounce of prevention is always worth a pound of cure—and a bottle of Parker's Cough Syrup today is worth a big doctor's bill tomorrow.

You take no chance. We will buy the empty bottle if you are not satisfied that this medicine is all that we claim for it. Get a bottle today from your druggist. One dose will relieve and one bottle will usually cure a cough. The price is 25c.

FEEL FINE! LIVER RIGHT, STOMACH SWEET, HEADACHE GONE; 'CASCARETS'

Cascarets make you feel bully; they immediately cleanse and sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any druggist will keep your stomach regulated, Head clear and Liver and Bowels in a splendid condition for months. Don't forget the children.

CASCARETS WORK WHILE YOU SLEEP.

DAUGHTER IS HIDDEN; MAN SENT TO JAIL

ST. JOSEPH, March 14.—For the third time Henry Sorenson was released last night from jail to which place he had been sent by Judge W. D. Rusk of the Circuit Court for failing to produce in court Alice Greenleaf, his foster daughter, aged 15 years, for whose possession the girl's mother, Mrs. Alice Hollingsworth of Los Angeles, had brought suit. The child disappeared last January while in charge of Sorenson. She has not been found. The case now goes over to the October term of the Court of Appeals in Kansas City.

CONVICTED OF LIEBEL

MINNEAPOLIS, Minn., March 14.—Aleris Georgan, editor and publisher of a weekly Socialist newspaper, was convicted by a jury in the district court here last night of criminal libel. The complaint was made by Mayor Wallace G. Nye of Minneapolis, and grew out of articles alleged to have been published in Georgan's newspaper during the city campaign last fall. Georgan will be sentenced March 17.
